start calling her by the less creepy name of Wanda Wanda tells them stories of her lives on other planets One of the cave dwellers Ian might even be falling in love with her Life is fairly calm for a bunch of alien resisting rebels Unfortunately Walter one of the cave dwellers has cancer and is dying On his deathbed he mistakes Wanda for his deceased wife Gladys She goes along with it offering him comfort and compassion until he dies This compassionate act endears her to Doc the cave s flamenco dancer Kidding he s a doctor Not all the humans like her though Jared loves Melanie but still kind of hates Wanda Ian s brother Kyle hates her enough to try to drown her in the bathing cave He doesn t succeed but Wanda refuses to let the others punish him She believes that most humans are ruled by their anger and Kyle isn t any different One day Jared and Jamie return from a supply run It was Jamie s first and he fell on his knife like a doofus His injury becomes infected and life threatening worse part about the alien invasion zombie apocalypse no more penicillin so Wanda convinces Jared to take her to a healing facility in Tucson There Wanda deceives the souls and steals their awesome drugs The legal healing kind Her heroism saves Jamie and everyone pretty much loves her after that Except Kyle He s still a jerk Seeing the benefits to having Wanda on their side Jared takes her on a supply run She can shop in alien run stores without raising suspicion They return from a supply run and discover that the Seeker killed a cave dweller and has been taken hostage Wanda doesn t want the Seeker to be killed She believes she can save both the Seeker and the body she resides in Wanda performs a surgical procedure safely removing the Seeker It s much less gory than Doc s previous efforts which always resulted in the death of alien and host They put the Seeker in a cryotank and blast the Seeker into space Don t let the moon hit ya on the way out

Collins's *The Hunger Games* The volume argues that the 21st century desire to achieve dream states in relationship to eternal youth results from the way that dreams provide a means of realizing the fantastic yet alarming possibility of escaping from time This current identification with the dream child stems from the threat of political unrest and economic and environmental collapse as well as from the simultaneous technophilia and technophobia of a culture immersed in the breathless revolution of the digital age This book not only explores how the dream child from the past has returned to reflect misgivings about imagined dystopian futures but also reveals how the rebirth of the dream child opens up possibilities for new narratives where happy endings remain viable against all odds It will appeal to scholars in a wide variety of fields including Childhood Studies Children's YA Literature Cinema Studies Cultural Studies Cyberculture Gender Studies Queer Studies Gothic Studies New Media and Popular Culture
