Basic Issues in Medieval Philosophy - Second Edition Richard N. Bosley, Martin M. Tweedale, 2006-05-09 In this important collection the editors argue that medieval philosophy is best studied as an interactive discussion between thinkers working on very much the same problems despite being often widely separated in time or place Each section opens with at least one selection from a classical philosopher and there are many points at which the readings chosen refer to other works that the reader will also find in this collection There is a considerable amount of material from central figures such as Augustine Abelard Duns Scotus and William of Ockham as well as extensive texts from thinkers in the medieval Islamic world Each selection is prefaced by a brief introduction by the editors providing a philosophical and religious background to help make the material more accessible to the reader This edition updated throughout contains a substantial new chapter on medieval psychology and philosophy of mind with texts from authors not previously represented such as John Buridan and Peter John Olivi

At Smith's House Jay Trott, 2007-07-01 Are meaning and purpose still possible in life The age of philosophy and its pursuit of the good of happiness came to an end with nihilism The philosophers equated the good with intellect which led to divided descriptions of this value Philosophy is divided by divided loves Plato's love of pure intellect and Aristotle's love of nature and constructs of value which is why it led to nihilism in the

end But it is possible to go beyond the ravages of nihilism by setting aside these divided loves for the sake of love itself the power that makes itself known through the desirability of life At Smith s House examines the possibilities of love itself in twelve informal entertaining conversations between two old friends It begins by dissecting the divided concepts of value produced by philosophy and its infatuation with intellect Then it describes the difference between love itself and the divided loves seen in philosophy as well as in institutional doctrine Finally it discusses the restoration of unity to the church and goodness to culture through the formulation Deus caritas est which provides a means of going beyond nihilism and the demise of philosophy Official Reports of the Debates of the House of Commons of the Dominion of Canada Canada.
