

A serene sunset scene over the ocean. The sky is a gradient of orange and red, with the sun a bright yellow orb on the horizon. A sailboat is silhouetted against the water in the middle ground. In the foreground, a shark fin cuts through the water. The title 'The Imperfection of Being' is written in a large, white, elegant script font across the upper half of the image.

The Third Turning of the Wheel Tenshin Reb Anderson,2016-08-01 In his previous book Being Upright Zen Meditation and the Bodhisattva Precepts Reb Anderson Roshi described how we must become thoroughly grounded in conventional truth through the practice of compassion before we can receive the teachings of the ultimate truth In The Third Turning of the Wheel he introduces us to the next stage of our journey by invoking the wisdom of the Samdhinirmocana Sutra According to Anderson the main purpose behind this enigmatic sutra is to reconcile the apparent contradictions between the original teachings of the historical Buddha and the later teachings of Mahayana Buddhism Anderson reflects on the great metaphysical questions proposed in the Samdhinirmocana Sutra the nature of ultimate reality the structure of human consciousness the characteristics of phenomena the stages of meditation and the essential qualities of a buddha with the clarity of a scholar and the insight of a practitioner The Routledge Handbook of Phenomenology of Agency Christopher Erhard,Tobias Keiling,2020-10-29 Phenomenology has primarily been concerned with questions about knowledge and ontology However in recent years the rise of interest and research in phenomenology and embodiment the emotions and cognitive science has seen the concept of agency move to a central place in the study of phenomenology generally The Routledge Handbook of Phenomenology of Agency is an outstanding reference source to this topic and the first volume of its kind It comprises twenty seven chapters written by leading international contributors Organised into two parts the following key topics are covered major figures the metaphysics of agency rationality voluntary and involuntary action moral experience deliberation and choice phenomenology of agency and the cognitive sciences phenomenology of freedom embodied agency Essential reading for students and researchers in phenomenology philosophy of mind metaphysics and philosophy of cognitive science The Routledge Handbook of Phenomenology of Agency will also be of interest to those in closely related subjects such as sociology and psychology *Christian Theology for the People* Willis Lord,2025-08-29 Reprint of the original first published in 1875 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Nietzsche, Theories of Knowledge, and Critical Theory B.E. Confessions of a Heretic Eric Leland Saak, 2025-06-15 This book is the second of a planned three volume systematic theology under the title Confessions of a Heretic Volume One which has the subtitle Philosophical Considerations was published by Archway in 2024 The project now turns to Theological Considerations with the forthcoming Volume Three being Ecclesiological Consideration Organized into three Parts Volume Two focuses on the theological endeavor and the doctrines distinctive to Christianity namely the Trinity Jesus Christ sin and salvation Based on the foundational distinctions and definitions explicated in Volume One the current volume seeks to ask what the philosophical considerations imply for basic traditional understandings and terminology of Christian theology including that of Jesus of Nazareth his crucifixion and resurrection The project as a whole adopts a trinitarian structure with this second volume focused on God the Son or as here termed God the Perfector The argument is that Christian Theology needs to shift from an anthropocentric to a theocentric approach recognizing human beings simply as creatures and having the courage to face what that entails Yet doing so necessitates a radical reconceptualization of the very foundations of Christian Theology itself in the attempt to combat idolatry

On the Power of God Thomas Aquinas, 2004-06-11 In the thirteenth century public disputation was not only a sort of ecclesiastical tournament arranged for an exceptional and solemn occasion but also an integral part of a philosophical and theological course of study At the University of Paris for instance public disputations were held frequently throughout the year They were held more or less intermittently by other masters but by Thomas with great frequency and regularity especially during the three years of his first professorship at Paris when he held them twice a week during term Thomas disputations fall into seven series on Truth on the Power of God on Evil on the Incarnate Word on Spiritual Creatures and on the Virtues These disputations on the power of God were written when Aquinas was about 40 and at the height of his intellectual powers The exact time and place are unknown though it is likely that they were offered in either Anagni 1259
