

The Great Gatsby – Rewrite of the First Practice Essay

Topic Question: How and to what purpose does Fitzgerald portray the differing power dynamics between key characters in the Great Gatsby?

F.Scott Fitzgerald's 1925 novel, 'The Great Gatsby' exemplifies the differing power dynamics that occurred during a time of change to many societal factors. The power dynamics in the novel are an exploration of patriarchy, elitism, and classism being common values inherited in the higher social classes. Fitzgerald's key characters which range from a variety of classes to present Fitzgerald's negative views and values about the differing power dynamics found during the 1920s, encouraging readers to form a critical opinion on American society at the time. By characterising the upper classes as often elitist, classist, and patriarchist, Fitzgerald aims to highlight how the American Dream is corrupted by personal agendas and selfish moral choices, making the working classes struggle to achieve the dream due to the moral corruption of the higher classes.

Fitzgerald demonstrates the differing power dynamics through the characters Tom Buchanan and Myrtle Wilson; he uses the plot of the novel about the affair to reveal Tom's sexist and violent nature to express Fitzgerald's distaste for the 1920's patriarchy. Furthermore, Tom's violent nature can be evident in Nick's narration, stating '...short and deft movement...broke her nose with an open hand.' The use of kinaesthetic imagery characterises Tom Buchanan's violent nature, depicting antagonism. Fitzgerald uses Tom's high-class character to show the differing power dynamics between him and Myrtle, inferring patriarchy, as he is the "higher class" and the symbol of "old money". Furthermore, Fitzgerald uses the 3rd person perspective to portray Tom's stronger power when compared to other characters, as well as their resentment for Tom Buchanan, evidently corroborating with his violent and inferred sexist nature. This is evident in the line 'his acquaintances resented the fact that he turned up at popular cafes with her... leaving her...chatting with whomever he knew.' The use of indirect characterisation via the third person perspective strengthens Tom's antagonism and patriarchist behaviour. Fitzgerald uses the word "resented" to express his disgust and resentfulness towards the patriarchism found in 1920 American society to characterise Tom Buchanan as a patriarchist and the antagonist. This is due to his higher social class and wealth when compared to working class characters such as Myrtle Wilson to show the differing power dynamics found in 1920 American society. Thus, these citations make the reader question and critically think about the differing power dynamics found in American society at the time.

In conjunction with Patriarchy, Fitzgerald uses Tom's abusive treatment towards George to demonstrate the negative value of classism, which is commonly found in the upper class, as well as the abuse of the working class, which encourages readers to break social norms at the time to go against the classist nature of the 1920s. The line "He's so dumb he doesn't know he's alive" uses indirect characterisation through dialect, setting a mood of dislike and alludes Tom's antagonistic behaviour by talking behind George. George is recognised as someone struggling in the working class in the hierarchy; his disgust for George infers a sense of classism to readers, as well as a differing power dynamic between the working class. Hence, Fitzgerald is questioning the way which 1920 society functioned; by abusing the lower classes, the upper classes exemplify the classist nature towards the working class, as can be seen with Tom's abusive treatment and talking behind George Wilson's back. In addition, through the quotation 'when are you going to sell me that car?' indicates George's desperation to get out of the lower/working class. The extensive use of indirect characterisation sets a mood of unhappiness and sorrow to the audience; Fitzgerald uses George

Francis Scott Fitzgerald is one of the most recognized figures in American literary and cultural history. His novels and short stories provide some of the best insights into the lifestyles of the rich during America's most prosperous era while at the same time examining major literary themes such as disillusionment, coming of age, and the corruption of the American dream.

The life of Fitzgerald was marked by as much romanticism and tragedy as could be found in his novels and stories. Throughout his life he unsuccessfully battled alcoholism, depression, and his inner demons. Most of Fitzgerald's writing is based on his own experiences. He often got inspired by his surroundings and people in his life. Therefore, it is no surprise that his wife Zelda served as the prototype for Daisy, and Fitzgerald himself could be identified partially in Nick, but also in Gatsby.

The American Essay in the American Century Ned Stuckey-French, 2011-05-31 In modern culture the essay is often considered an old-fashioned unoriginal form of literary styling The word essay brings to mind the uninspired five-paragraph theme taught in schools around the country or the antiquated Edwardian meanderings of English gentlemen rattling on about art and old books These connotations exist despite the fact that Americans have been reading and enjoying personal essays in popular magazines for decades engaging with a multitude of ideas through this short form means of expression To defend the essay that misunderstood staple of first-year composition courses Ned Stuckey-French has written *The American Essay in the American Century* This book uncovers the buried history of the American personal essay and reveals how it played a significant role in twentieth-century cultural history In the early 1900s writers and critics debated the death of the essay claiming it was too traditional to survive the era's growing commercialism labeling it a bastion of British upper-class conventions Yet in that period the essay blossomed into a cultural force as a new group of writers composed essays that responded to the concerns of America's expanding cosmopolitan readership These essays would spark the magazine revolution giving a fresh voice to the ascendant middle class of the young century With extensive research and a cultural context Stuckey-French describes the many reasons essays grew in appeal and importance for Americans He also explores the rise of E. B. White considered by many the greatest American essayist of the first half of the twentieth century whose prowess was overshadowed by his success in other fields of

writing White's work introduced a new voice creating an American essay that melded seriousness and political resolve with humor and self deprecation This book is one of the first to consider and reflect on the contributions of E B White to the personal essay tradition and American culture more generally The American Essay in the American Century is a compelling highly readable book that illuminates the history of a secretly beloved literary genre A work that will appeal to fiction readers scholars and students alike this book offers fundamental insight into modern American literary history and the intersections of literature culture and class through the personal essay This thoroughly researched volume dismisses once and for all the death of the essay proving that the essay will remain relevant for a very long time to come
