The End of the World Ernesto de Martino, 2023-11-29 A philosopher historian of religions and anthropologist Ernesto De Martino is often glossed as ahead of his time In his work a reader sees the roots of psychological and medical anthropology discussions of reflexivity and the role of the ethnographer considerations of colonialism and migration and the trauma they might engender and an anticipation of the existential turn in anthropology A reader would also find an attentiveness to hope and possibility despite the gloomy title of his posthumously published book *La fine del mondo* The End of the World Perhaps the end of the world is an overstatement But in a rapidly globalizing world one in which the entire earth becomes our shared cultural homeland despite our different values and local histories the end of the world might simply

mean the end of a world our particular world and the dawning of something new the world of tomorrow De Martino seeks in part to make the idea of the end of a world less horrifying while at the same time attending to the individual loss of self that one might feel in contemplating an apocalypse especially as modernization has divorced us from the rituals and folklore that might make such an eventuality less terrifying De Martino writes Two opposed terrors dominate our age the terror of losing the world and the terror of being lost in the world The end of the world the loss of presence Interweaving the cultural and individual levels of apocalypse treating subjects both classic and contemporary and both European and non Western ranging across ethnography and philosophy De Martino probes how we relate to our world and how we might be better subjects and thinkers within it *The Complete Idiot's Guide to the Mafia, 2nd Edition* Jerry Capeci, 2005-01-04 You never go against the family Here is the most comprehensive introduction to and explanation of the most infamous crime organization in history Completely updated with more than 70 pages of new material and photographs it includes information about the shifts in power and tightening of ranks of different families after convictions of their key members new inside information on the role of the families in Chicago Boston Las Vegas Rochester and even Montreal and updates on the DeCavalcante family who bragged they were the real Sopranos on FBI wiretaps More than 70 pages of new material Full of dramatic anecdotes and photos about everything from Capone to Gotti and beyond Written by acclaimed expert author and reporter of all things Mafia in his weekly online column Gang Land ganglandnews.com **The Complete Idiot's Guide to Anatomy and Physiology**, 2004 An extensively illustrated introduction to human anatomy and physiology emphasizes the interconnection among the various systems organs and functions of the human body Original [A Poetics of Composition](#) Boris Andreevich Uspenskiĭ, 1973 **The Complete Idiot's Guide to Intermediate Spanish, 2nd Edition** Steven Hawson, 2007-06-05 This revised edition offers expanded coverage of grammar and vocabulary as well as idiomatic usage irregular verbs and conversational elements that will help readers improve their language skills in a variety of situations In addition a new workbook section specially designed to help readers practice and retain information has been included Includes a comprehensive review of beginning Spanish plus simple strategies for memorizing cases endings and vocabulary Features an easy to understand guide to Spanish idioms Covers business and medical Spanish Techniques for mastering vocabulary and grammar New exercises and answers throughout **The Library of John Quinn** John Quinn, 1923 **The Complete Idiot's Guide to Learning Latin, 3rd Edition** Natalie Harwood, 2006-08-01 An updated guide to the language of the Roman Empire Whether interested in learning Latin or just seeking a deeper understanding of English readers will find a fun alternative to the standard dusty tomes usually associated with Latin Included in this revised edition are updated vocabulary lists relevant to today's world expanded pronunciation guides Latin to English and English to Latin translations and a workbook of exercises reading passages and tools for greater comprehension of the language In 2002 the number of high school students taking Latin tests for college credit had risen 95% since 1993 According to CNN educators are increasingly
