The Good Muslim Mona Siddiqui, 2012-06-11 In this thought provoking book Mona Siddiqui reflects upon key themes in Islamic law and theology These themes which range through discussions about friendship divorce drunkenness love slavery and ritual slaughter offer fascinating insights into Islamic ethics and the way in which arguments developed in medieval juristic discourse These pre modern religious works contained a richness of thought hesitation and speculation on a wide range of topics which were socially relevant but also presented intellectual challenges to the scholars for whom God's revelation could be understood in diverse ways These subjects remain relevant today for practicing Muslims and scholars of Islamic law and religious studies Mona Siddiqui is an astute and articulate interpreter who relays complex ideas about the Islamic tradition with great clarity These are important attributes for a book which charts the author's own journey through the classical texts and reflects upon how the principles expounded there have guided her own thinking and impacted her teaching and research

Becoming 'Good Muslim' Bulbul Siddiqi, 2017-11-28 The book uses an ethnographic approach to explore why the Tablighi Jamaat movement remains so successful in contemporary times It shows that this success results from the positive image that it cultivates and the systematic preaching activities of Tablighi Jamaat followers and that the organisation's apolitical image the public profile of the ijtema the humbleness of Tablighi followers and the attraction of belonging to the global Tablighi community all help to create a positive image of the Tablighi Jamaat among ordinary Muslims The book also argues that the Tablighi Jamaat remains successful because of its ability to hold its followers within a Tablighi guided life which is perceived as protection against the Western lifestyle Many elements of contemporary Western lifestyle are considered non Islamic and so by clearly defining what is Islamic and non Islamic in modern society the Tablighi Jamaat provides a way in which Muslims can live in the contemporary

Imagining Muslims in South Asia and the Diaspora Claire Chambers, Caroline Herbert, 2014-08-13 Literary cinematic and media representations of the disputed category of the South Asian Muslim have undergone substantial change in the last few decades and particularly since the events of September 11 2001 Here we find the first book length critical analysis of these representations of Muslims from South Asia and its diaspora in literature the media culture and cinema Contributors contextualize these depictions against the burgeoning post 9 11 artistic interest in Islam and also against cultural responses to earlier crises on the subcontinent such as Partition 1947 the 1971 Indo Pakistan war and secession of Bangladesh the 1992 Ayodhya riots the 2002 Gujarat genocide and the Kashmir conflict Offering a comparative approach the book explores connections between artists generic experimentalism and their interpretations of life as Muslims in South Asia and its diaspora exploring literary and popular fiction memoir poetry news media and film The collection highlights the diversity of representations of Muslims and the range of approaches to questions of Muslim religious and cultural identity as well as secular discourse Essays by leading scholars in the field highlight the significant role that literature film and other cultural products such as music can play in opening up space for complex reflections on Muslim identities and cultures and how such imaginative cultural forms can enable us to rethink secularism and religion Surveying a broad range of up to date writing and cultural production this concise and pioneering critical analysis of representations of South Asian Muslims will be of interest to students and academics of a variety of subjects including Asian Studies Literary Studies Media Studies Women s Studies Contemporary Politics Migration History Film studies and Cultural Studies **Muslim Cool** Su'ad Abdul Khabeer, 2016-12-06 Interviews with young Muslims in Chicago explore the complexity of identities formed at the crossroads of Islam and hip hop This groundbreaking study of race religion and popular culture in the 21st century United States focuses on a new concept Muslim Cool Muslim Cool is a way of being an American Muslim displayed in ideas dress social activism in the hood and in complex relationships to state power Constructed through hip hop and the performance of Blackness Muslim Cool is a way of engaging with the Black American experience by both Black and non Black young Muslims that challenges racist norms in the U S as well as dominant ethnic and religious structures within American Muslim communities Drawing on over two years of ethnographic research Su ad Abdul Khabeer illuminates the ways in which young and multiethnic US Muslims draw on Blackness to construct their identities as Muslims This is a form of critical Muslim self

making that builds on interconnections and intersections rather than divisions between Black and Muslim. Thus by countering the notion that Blackness and the Muslim experience are fundamentally different, *Muslim Cool* poses a critical challenge to dominant ideas that Muslims are foreign to the United States and puts Blackness at the center of the study of American Islam. Yet *Muslim Cool* also demonstrates that connections to Blackness made through hip hop are critical and contested because they push back against the pervasive phenomenon of anti-Blackness and contested because questions of race, class, gender, and nationality continue to complicate self-making in the United States.

Muslims and American Popular Culture Anne R. Richards, Iraj Omidvar, 2014-02-10. Offering readers an engaging, accessible, and balanced account of the contributions of American Muslims to the contemporary United States, this important book serves to clarify misrepresentations and misunderstandings regarding Muslim Americans and Islam. Unfortunately, American mass media representations of Muslims, whether in news or entertainment, are typically negative and one-dimensional. As a result, Muslims are frequently viewed negatively by those with minimal knowledge of Islam in America. This accessible two-volume work will help readers to construct an accurate framework for understanding the presence and depictions of Muslims in American society. These volumes discuss a uniquely broad array of key topics in American popular culture, including jihad and jihadism, the hijab, veil, and burka, Islamophobia, Oriental despotism, Arabs, Muslims in the media, and mosque burnings. *Muslims and American Popular Culture* offers more than 40 chapters that serve to debunk the overwhelmingly negative associations of Islam in American popular culture and illustrate the tremendous contributions of Muslims to the United States across an extended historical period.

Fear of Muslims? Douglas Pratt, Rachel Woodlock, 2016-05-26. This book takes a sober, evidenced-based look at the contemporary phenomenon of Islamophobia in both old-world Europe and the new world of America and Australia and Southeast Asia. It includes theoretical and conceptual discussions about what Islamophobia is, how it manifests, and how it can be addressed, together with historical analysis, applied research, and case study chapters considering the reality that manifests as a fear of Muslims. Anxiety about the world's second largest religion manifests as prejudice, discrimination, and vilification, and in extreme cases, violence and murder. The real and perceived problems of the relationship between Islam and the West contribute to the phenomenon of Islamophobia. This is a unique, multi-disciplinary work with authors approaching the topic from a number of academic disciplines and from different religious and national backgrounds, providing for a greater appreciation of the complexity and diversity of Islamophobia. This multicultural and multi-religious approach undergirds the valuable insights the volume provides. This book will be of interest to all concerned with the phenomenon of Islamophobia and especially researchers and students in the social sciences, as well as scholars with a specific interest in Muslims living as minorities in the West. Also, those working in political science, international relations, sociology, religious studies, and other fields will all find it of value.

Islam Whether their parents were new Muslims or new Americans the younger generations of Muslim Americans grow up bearing a dual heritage and are uniquely positioned to expound the meaning of both In this ethnographic study Muna Ali explores the role of young Muslim Americans within America and the ummah through four dominant narratives that emerge from discussions about and among Muslims Cultural differences purportedly cause an identity crisis among young Muslims torn between seemingly irreconcilable Islamic and Western heritages Additionally culture presumably contaminates a pure Islam and underlies all that divides Muslim America s diverse subgroups Some propose creating an American Muslim culture and identity to overcome these challenges But in this historical moment when Muslims have become America s newest problem people and political wedge some Americans are suspicious of this identity and fear a Muslim cultural takeover and the Islamization of America Situating these discussions in the fields of identity immigration American studies and the anthropology of Islam Ali examines how younger Muslims see themselves their faith community and their society and how that informs their daily life and helps them envision an American future The Good Christian Ruler in the First Millennium
