Virgin Envy Jonathan A. Allan, Cristina Santos, Adriana Spahr, 2016-11-15 Virginity is of concern here that is its utter messiness At once valuable and detrimental normative and deviant undesirable and enviable Virginity and its loss hold tremendous cultural significance For many female virginity is still a universally accepted condition something that is somehow bound to the hymen whereas male virginity is almost as elusive as the G spot we know it's there it's just we have a harder time finding it Of course boys are virgins queers are virgins some people reclaim their virginities and others reject virginity from the get go So what if we agree to forget the hymen all together Might we start to see the instability of terms like untouched pure or innocent Might we question the act of sex the very notion of relational sexuality After all for many people it is the sexual acts they don't do or don't want to do that carry the most abundant emotional clout *Virgin Envy* is a collection of essays that look past the vestal virgins and beyond Joan of Arc From medieval to present day literature the output of HBO Bollywood and the films of Abdellah Taïa or Derek Jarman to the virginity testing of politically active women in Tahrir Square the writers here explore the concept of virginity in today's world to show that ultimately virginity is a site around which our most basic beliefs about sexuality are confronted and from which we can come to understand some of our most basic anxieties paranoias fears and desires

Representing Difference in the Medieval and Modern Orientalist Romance Amy Burge, 2017-02-14 This book the first full length cross period comparison of medieval and modern literature offers cutting edge research into the textual and cultural legacy of the Middle Ages a significant and growing area of scholarship At the juncture of literary cultural and gender studies and capitalizing on a renewed interest in popular western representations of the Islamic east this book proffers innovative case studies on representations of cross religious and cross cultural romantic relationships in a selection of late medieval and twenty first century Orientalist popular romances Comparing the tropes characterization and settings of these literary phenomena and focusing on gender religion and ethnicity the study exposes the historical roots of current romance representations of the east advancing research in Orientalism neo medievalism and medieval cultural studies Fundamentally *Representing Difference* invites a closer look at medieval and modern popular attitudes towards the east as represented in romance and the kinds of solutions proposed for its apparent problems
