Studies the cultural impact and audience reception of King Kong from the 1933 release of the original film until today In Tracking King Kong Cynthia Erb charts the cultural significance of the character of King Kong from the early 1930s when Merian C Cooper and Ernest B Schoedsack s classic film King Kong was first released to Peter Jackson s 2005 remake Although King Kong has received much academic attention over the past twenty five years the bulk of these analyses deal with the film s human characters rather than Kong himself In this revised edition of an influential study Erb argues that King Kong is a particular kind of cultural outsider who represents a cross penetration of American notions of exoticism and monstrosity Tracking King Kong considers problems such as race and gender in the King Kong tradition as well as historical international and contemporary audience and fan responses to this classic film and its popular protagonist Erb begins her examination of King Kong in the 1930s when the original film was produced and released extending through the 1970s when the film and its hero reached the height of their cultural visibility in a remake by Dino De Laurentiis and concluding with a look at Peter Jackson s version in 2005 The book includes a detailed production history of the original 1933 film based on primary historical and archival sources a genre study examining Kong s relations to horror jungle adventure and travel documentary genres an analysis of Kong s influence on the Japanese film Godzilla and a look at sequels remakes and spinoffs related to King Kong such as Mighty Joe Young Erb also analyzes Jackson s remake of King Kong to determine how and why Jackson revised the main character casting him as a melancholy hero The revised edition of Tracking King Kong updates a groundbreaking study of King Kong as the iconic character enters the twenty first century Scholars of film and television studies as well as general readers interested in film and popular culture will appreciate this significant volume Regina Anderson Andrews, Harlem Renaissance Librarian Ethelene Whitmire,2014-05-15 The first African American to head a branch of the New York Public Library NYPL Regina Andrews led an extraordinary life Allied with W E B Du Bois Andrews fought for promotion and equal pay against entrenched sexism and racism and battled institutional restrictions confining

African American librarians to only a few neighborhoods within New York City Andrews also played a key role in the Harlem Renaissance supporting writers and intellectuals with dedicated workspace at her 135th Street Branch Library After hours she cohosted a legendary salon that drew the likes of Langston Hughes and Zora Neale Hurston Her work as an actress and playwright helped establish the Harlem Experimental Theater where she wrote plays about lynching passing and the Underground Railroad Ethelene Whitmire s new biography offers the first full length study of Andrews s activism and pioneering work with the NYPL Whitmire s portrait of her sustained efforts to break down barriers reveals Andrews s legacy and places her within the NYPL s larger history *Black Orpheus* Saadi A.
