The Innocence Game Michael T. Harvey, 2013 They're young brilliant beautiful and naive enough to believe they can make a difference For three graduate students the exclusive innocence seminar at the nation's most esteemed journalism school is supposed to teach them how to free the falsely accused from prison Little do they know the most important lesson they'll learn is how to stay alive

Big Game Mark Leibovich, 2018-09-04 A raucous smash mouth first person takedown of the National Football League Wall Street Journal The New York Times bestseller From the 1 New York Times bestselling author of *This Town* an equally merciless probing of America's biggest cultural force pro football at a moment of peak success and high anxiety Like millions of Americans Mark Leibovich has spent more of his life tuned into pro football than he'd care to admit Being a lifelong New England Patriots fan meant growing up on a steady diet of lovable loserdom That is until the Tom Brady Bill Belichick era made the Pats the most ruthlessly efficient and polarizing sports dynasty of the modern NFL and its fans the most irritating in all of Pigskin America Leibovich kept his obsession quiet making a nice career for himself covering that other playground for rich and overgrown children American politics Still every now and then Leibovich would reach out to Tom Brady to gauge his willingness to subject himself to a profile He figured that the chances of Brady agreeing were a Hail Mary at best but Brady returned Mark's call in summer 2014 and kept on returning his calls through epic Patriots Super Bowl victory and defeat and a scandal involving Brady Deflategate whose grip on sports media was as profound as its true significance was ridiculous So began a four year odyssey that took Mark Leibovich deeper inside the NFL than anyone has

gone before From the owners meeting to the draft to the sidelines of crucial games he takes in the show at the elbow of everyone from Brady to big name owners to the cordially despised NFL Commissioner Roger Goodell Ultimately BIG GAME is a chronicle of peak football the high point of the sport s economic success and cultural dominance but also the time when the dark side began to show It is an era of explosive revenue growth but also one of creeping existential fear Players have long joked that NFL stands for not for long but as the true impact of concussions becomes inescapable background noise it s increasingly difficult to enjoy the simple glory of football without the buzz kill of its obvious consequences And that was before Donald Trump In 2016 Mark s day job caught up with him and the NFL slammed headlong into America s culture wars Big Game is a journey through an epic storm Through it all Leibovich always keeps one eye on Tom Brady and his beloved Patriots through to the 2018 Super Bowl Pro football this hilarious and enthralling book proves may not be the sport America needs but it is most definitely the sport we deserve

Con Game Lionel S. Lewis, 2017-07-28 Bernard Madoff s financial fraud was global an enormous amount of money was involved and thousands of people and hundreds of institutions were swindled Madoff s con game was a Ponzi scheme an investment that pays returns to early investors from money acquired from subsequent investors This case study of the Madoff scheme looks at the effects of his crimes on the victims Elements from a theoretical framework put forward by Erving Goffman provide a perspective for understanding the development and the aftermath of Madoff s con For example as Goffman would have put it Madoff s marks were not cooled out Many did not accept the fact that they were victims of a con game and publicly clamored for sympathy restitution and for public officials to share their perspective Inside men ropers outside men and victims are at the core of con games Lionel S Lewis emphasizes that it is important to understand a con game s characteristics so as to grasp how it operates The Madoff fraud includes elements of a variety of con games For a comprehensive study of this economic crime the case study must be seen as part of the broader social system Considerably more is known about the dynamics of con games than about Ponzi schemes and this fact frames this book s approach To better understand what Madoff did who was central in keeping his scheme alive whom he defrauded and how they reacted this work is as invaluable as it is illuminating
