DSLR Cinema Kurt Lancaster, 2018-02-19 The DSLR cinema revolution began over ten years ago. Professional filmmakers, students, video journalists, event video shooters, production houses and others jumped at the opportunity to shoot cinematic images on these low budget cameras. The first edition of the book mapped the way, focusing exclusively on DSLRs. This new edition shows how you can create stunning cinematic images using low budget cinema cameras from iPhones to the C200. The author examines new cameras and new projects as filmmakers shoot action movies with the Panasonic GH5, craft personal stories with Blackmagic's Pocket Cinema Camera, make documentaries and short films with the Canon C100 Mark II and create music videos with the 5D Mark IV. This book like the previous edition takes the wisdom of some of the best shooters and empowers you to create visually stunning images with low budget cinema cameras. It includes six all new case studies as well as updated examples from short films and documentaries. This book contains the essential tools to make you a better visual storyteller. **FEATURES** An examination of the creative and technical choices filmmakers face, everything from why we move cameras to shooting flat in order to widen the dynamic range of cameras. Case studies from documentary filmmakers, news shooters, fiction makers, a visual anthropologist and recent film school graduates. An updated list of gear for low budget filmmakers including a section on what to look for in the gear you need to shoot and edit your projects. **Spike Lee** Jason P. Vest, 2014-09-30 Spike Lee's journey from guerrilla filmmaker to Hollywood insider is explored in light of his personal background, the cultural influence of his films and the extensive scholarship his movies have inspired. This insightful study probes the iconic filmmaker's career as a director and shaper of American culture. It not only sheds light on the ways in

which Lee's background influences and outlook affect his films but also discusses how he participates in, transforms and transcends the tradition of black American filmmaking. Each chapter offers a critical assessment of at least one and sometimes multiple Lee films, examining their production history, their place in Lee's filmography and their aesthetic, cultural and historical significance. Readers will come away from this first scholarly assessment of Lee's career and work with a better understanding of his penchant for stirring up controversy about significant social, political and artistic issues as well as his role as an American artist who provokes his audiences as much as he pacifies them.

Producing and Directing the Short Film and Video Peter W. Rea, David K. Irving, 2015-03-24. Producing and Directing the Short Film and Video, Fifth Edition is the definitive book on the subject for the serious film student or beginning filmmaker. Its unique two-fold approach looks at filmmaking from the perspectives of both the producer and director and clearly explains how their separate roles must work together to create a successful short film or video. Through extensive examples from award-winning shorts and insightful interviews, you will learn about common challenges the filmmakers encountered during each step of the filmmaking process, from preproduction to production, postproduction and distribution, and the techniques they used to overcome them. In celebrating this book's twentieth anniversary, this edition has been updated to include two all-new in-depth case studies of esteemed short films, *Memory Lane* and the Academy Award-winning *God of Love*. A revised chapter progression that reinforces the significance of the actor-director relationship. Interviews with the filmmakers integrated alongside the text, as well as new images and behind-the-scenes coverage of production processes. Revamped sections on current financing strategies, postproduction workflows and the wide variety of distribution platforms now available to filmmakers. A Where Are They Now appendix featuring updates on the original filmmakers covered in the first edition. An expanded companion website www.focalpress.com/cw/rea containing useful forms and information on distributors, grants and financing sources, film and video festivals, film schools, internet sources for short works and professional associations.
