The Road to Innamincka R.A. Dalkey, When a 10 year old R A Dalkey decided he was going to become an Outback truck driver the poor Australia besotted boy had no idea what he was getting into He d been born on the wrong continent for a start And even if he could make it out of Africa one day where was an Australian work visa to come from Or for that matter a licence to drive 53 metre trucks on red desert roads A sensible adult would have filed that dream away as a juvenile fantasy and gotten on with life Especially after taking five attempts to get the most basic of car licences But R A Dalkey never claimed to be a sensible adult did he Join the author as he pursues the ultimate whimsical travel quest From that careless moment of childhood inspiration this true account will take you to small town South Africa the ugly side of Cape Town the claustrophobic sprawl of Greater London and New Zealand's sleepy Waikato And then on to the Holy Grail Australia Dalkey digs deep into this puzzling generous nation as he travels to every one of the mainland states He explores Australia's quirky history and its modern cities from seductive Sydney to bad ass Brisbane He rides trains across the Nullarbor Plain and watches cricket everywhere But all this is merely the backdrop to his dogged pursuit of that decades old mission driving heavy loads to tiny rural specks deep in the Outback *Motoring World*

Social Murder Wayne Michael Dunwell,2023-03-31 Ronni's mind fell completely silent She stopped being aware of the room around her there was only the hateful figure of a bully and an abuser ahead of her all else was a blur You're in a strange city Your friend is missing Could you find the courage to do what is necessary Would you even

know where to start These are the questions faced by law graduate Ronni Wong when her friend Jenny disappears after a date with a man she met online Finding evidence suggesting that Jenny s internet lover hides the darkest of secrets Ronni is forced to embark on a journey through social media to discover the identity of a kidnapper and then a dangerous race against time through the streets of Metro Manila to save her friend s life The clock is ticking can Ronni make it in time Join Ronni as her investigation into one disappearance leads her into mortal danger Social Murder will keep you on the edge of your seat and at the same time challenge you to think about how you use social media Are you safe online Monte Carlo For Vagabonds R.A. Dalkey, When R A Dalkey travels cheap he thinks bigger than hostel dorms overnight trains and pasta with tomato sauce for every meal He ll roll out his sleeping bag in Madrid s red light district nap on the streets of Monaco and furtively string up his hammock on Swiss farms He ll spontaneously teach English in Laos in exchange for rice He ll thumb rides anywhere from Timor to the Orange Free State He ll try smiling a lot and see where it takes him Most of the time it s somewhere good As this collection of stories will reveal it doesn t always go smoothly Indonesian bush fires chase him from his campsite His shoes freeze solid in Siberia He gets head butted by an Albanian villager He s shaken by earthquakes and terrified by witching hour excavations in Andorran valleys And incompetent as ever with ropes his hammock has a habit of falling down in the middle of the night with him in it Yet he wouldn t have it any other way travelling Dalkey style delivers the richest of experiences And as he shares the adventures few of us would brave you ll pick up gems about this crazy planet Do you know which head of state was an Olympic bobsleigh competitor Or how long your unattended bag will go untouched in Japan Who s eating all the ice cream in Pyongyang And how do cats jump in Swedish Like that uncle with the rose tinted specs and a grumpy anarchist student rolled into one Dalkey turns up his nose at travel insurance and shows there s more than one way to see a world that always steers us to play it safe Balikwas Chris Payne,2013 Balikwas is a Tagalog word virtually untranslatable into English It signifies a startling change such as an awakening It can also mean going over to the other side Chris Payne writes about making a change a change of moving his life to the other side of the world when he and wife Loydz emigrated to The Philippines The book is an account of what needed to be done at each end of the project as they came to call it but it also includes amusing asides about life and its quirks It can be read as a simple how to do it guide for anyone contemplating emigration either to The Philippines or elsewhere Or it could be seen as a comic account Most of all though it is an encouraging and life affirming story of how even late in life one can still change one s life and enjoy new and interesting experiences in a far away country The perfect equation Stefano Conti,2023-10-11 Crime and Mystery Novel A professor of a prestigious high school in Piedmont plunges at night into an isolated beach in Liguria In his hand he clutches an ancient Egyptian talisman At dawn two students Giulia and Riccardo see the lifeless body of their teacher emerge from the sea A quiet school trip thus turns into a frantic search to discover the mystery hidden behind that death With the help of their classmates the boys venture through the streets of a city that is both fascinating and disturbing Turin the world capital of

white magic and black magic The protagonists sucked into a vortex of enigmas face an obscure path that leads them from the Book of the Dead to the Holy Shroud from the Angelic Fountain to the Devil s Door An enthralling and profound thriller that crosses over into the occult in an eager crescendo until the final twist Translator LRizzi Erneste PUBLISHER TEKTIME

V10 vixen's Practical Car's Joanna Barker, **Bizarre Laws & Curious Customs of the UK** Monty Lord,2023-05-10 A curious comical and highly entertaining read full of eccentric laws and customs that have led to our rich legal heritage Lubna Shuja President of The Law Society of England and Wales In the UK we have some bizarre laws that have littered the statute books of our sceptred isle throughout history Not all of them have been repealed over the centuries Some of them made perfect sense at the time they were introduced but seen through modern eyes now appear archaic and draconian Despite the great efforts of the Law Commission in England and Wales to review and recommend reforms for many of these outdated laws there are centuries of law that must be painstakingly gone through As well as some bizarre laws the UK also has its fair share of curious customs and time honoured traditions that have been observed for centuries On the surface many appear to be nothing more than theatrical pomp and pageantry However they are all born from strong rationale The UK parliament seems to have had a particular penchant for passing laws related to fish and animals indecency and passing sentences with some humiliating public punishments This book is a highly entertaining read for anyone who enjoys learning about the more bizarre applications of UK law throughout the centuries along with some rather macabre consequences along the way Have you ever

heard a bizarre law and thought that can't possibly be true Is it genuine Was it ever in existence or just an urban myth that became so embellished over time There are surprisingly a great many laws still in existence on the statute books today that would make your jaw drop Whilst bizarre as these laws may now seem to us it begs the question are we in fact unknowingly breaking these laws on a regular basis For example Is it illegal to own a pet whale but not a tiger Was it illegal for women to argue quarrel Is it legal to carry a ladder along a street Were mince pies once illegal Who owns your passport all these questions and more will be answered in this Volume 2 of a 3 volume series by Monty Lord Reading this book you may be inclined to laugh heartily let out a sorrowful cry or recoil in abject horror at some of the more gruesome sentences passed for breaking these weird laws With over 160 bizarre but nevertheless true laws and customs you can use this book to satisfy your curiosity about what our ancestors had to contend with over the years or perhaps as a reference guide for trivia quizzes
