At the heart of the book is a country-by-country round-up of charter areas around the world with pros and cons, best times to go, wind and sea conditions, harbours and anchorages, eating out, safety documentation requirements, and getting there. Each area is illustrated with a map and colour photos. Occupation Circumnavigator Lars Hässler, 2009-08-28. A hippy Sell Up and Sail, this entertaining and inspiring book is more than just a cruising narrative; it is an instructive account showing how anyone can circumnavigate or even sail for an extended period without huge funds. Lars Hassler originally set off intending to sail for three years but by judiciously using his funds and topping them up by taking charter guests on cruises, he sailed around the world for ten years. Woven into the book is advice on costs, distances, timing, power, needs, food, and medication—in other words, the practicalities that everyone who sails needs to know about. And at the end, there is a forward-looking chapter providing advice on "After the Circumnavigation: What Next?" With a Foreword by Jimmy Cornell and a gorgeous photo section, this is an enjoyable and useful read for anyone thinking or dreaming about making an extended cruise. Lars, the modern-day Odysseus, is in many respects an extraordinary person: a man who had the guts to chuck it all in and opt for a lifestyle that others dream of their entire lives. Any reader planning to follow the author's example will find many useful tips on how to earn a living while cruising. Thank you, Lasse!
