Document Retrieval Index, 1972 The Modern Prison Paradox Amy E. Lerman, 2013-08-19 In *The Modern Prison Paradox*, Amy E. Lerman examines the shift from

rehabilitation to punitivism that has taken place in the politics and practice of American corrections She argues that this punitive turn has had profoundly negative consequences for both crime control and American community life Professor Lerman s research shows that spending time in America s increasingly violent and castigatory prisons strengthens inmates criminal networks and fosters attitudes that increase the likelihood of criminal activity following parole Additionally Professor Lerman assesses whether America s more punitive prisons similarly shape the social attitudes and behaviors of correctional staff Her analysis reveals that working in more punitive prisons causes correctional officers to develop an us against them mentality while on the job and that the stress and wariness officers acquire at work carries over into their personal lives straining relationships with partners children and friends **Complete Preparation Guide** Learning Express,1996

Promoting Wellness and Resiliency in Correctional Officers Hayden P. Smith,2022-12-26 Correctional officers face considerable stress risk and danger that lead to poor physical and mental health outcomes In fact their life expectancy is 15 years shorter than the national average Public perception and media portrayals of correctional officers tend to reinforce stereotypes of brutish improper and uncontrolled behavior Yet the reality is that correctional officers are operating a default public and mental health system for a sizeable portion of our society a responsibility that exposes them to considerable risk These negative effects have been compounded by an international staffing crisis that has made our jails and prisons far less safe for working officers To address this situation this book features an examination of a combined 11 313 correctional officers and 42 of their family members in the United States Canada and Europe It explores proactive strategies that can reduce rates of posttraumatic stress disorder PTSD in correctional officers which currently surpasses those found in returning military veterans who experienced combat It then delves into the dynamics of correctional officer suicide featuring the perspectives of their families This book highlights innovative approaches that can build on existing strengths including the role of international exchange programs It presents universal themes that impact the safety wellbeing and resiliency of correctional officers along with positive outcomes related to evidence based programs that maximize health in the correctional workplace This book will be of interest to researchers and advanced students of criminology mental health public policy social work and sociology The chapters in this book were originally published as a special issue of the journal Criminal Justice Studies California.
