Study Guide For Terry Eagleton Ideology:

Encountering Religion Tyler Roberts, 2013-09-17 Tyler Roberts encourages scholars to abandon rigid conceptual oppositions between secular and religious to better understand how human beings actively and thoughtfully engage with their worlds and make meaning. The artificial distinction between a self-conscious and critical academic study of religion and an ideological and authoritarian religion he argues only obscures the phenomenon. Instead, Roberts calls on intellectuals to approach the field as a site of encounter and response, illuminating the agency, creativity, and critical awareness of religious actors. To respond to religion is to ask what religious behaviors and representations mean to us in our individual worlds, and scholars must confront questions of possibility and becoming that arise from testing their beliefs, imperatives, and practices. Roberts refers to the work of Hent de Vries, Eric Santner, and Stanley Cavell, each of whom exemplifies encounter and response in their writings as they traverse philosophy and religion to expose secular thinking to religious thought and practice. This approach highlights the resources religious discourse can offer to a fundamental reorientation of critical thought. In humanistic criticism after secularism, the lines separating the creative, the pious, and the critical themselves become the subject of question and experimentation.

Allegory, Space and the Material World in the Writings of Edmund Spenser Christopher Burlinson, 2006 An examination of the way in which the material world is depicted in *The Faerie Queene*. This book provides a radical reassessment of Spenserian allegory in particular of *The Faerie Queene* in the light of contemporary historical and theoretical interests in space and material culture. It explores the ambiguous and fluctuating attention to materiality, objects, and substance in the poetics of *The Faerie Queene* and discusses the way that Spenser's creation of allegorical meaning makes use of this materiality and transforms it. It suggests further that a critical engagement with materiality, which has been so important to the recent study of early modern drama, must come in the case of allegorical narrative through a study of narrative and physical space, and in this context it goes on to provide a reading of the spatial dimensions of the poem: quests and battles, forests, castles, and hovels, and the spatial characteristics of Spenser's other writings. The book reaffirms the need to place Spenser in his historical contexts: philosophical and scientific, military and architectural in early modern England, Ireland, and Europe, but also provides a critical reassessment of this literary historicism. Dr. CHRISTOPHER BURLINSON is a Research Fellow in English at Emmanuel College, Cambridge.

Methodology and Inquiry **The Humanities: Methodology And Perspectives, 2/E** Kundu Abhijit, 2010-09 **Men Alone** Jopi Nyman, 2022-02-28 This study examines masculinity and individualism in four American novels of the 1920s and 1930s usually regarded as belonging to the genre of hard boiled fiction The novels under study are Red Harvest by Dashiell Hammett The Postman Always Rings Twice by James M Cain They Shoot Horses Don t They by Horace McCoy and To Have and Have Not by Ernest Hemingway In this first full length study of gender in hard boiled fiction the genre is discussed as a representation of the ideologies of masculinity and individualism Hard boiled fiction is located in its historical and cultural context and it is argued that the genre with its explicit emphasis on masculinity and masculine virtues attempts to reaffirm a masculine order The study argues that this emphasis is a counter reaction to more general changes in the gender relations of the period Indeed hard boiled fiction is argued to be an attempt to reconstruct a masculine identity based on anti modern values generally accepted in the cultural context of the genre *The ^AConflict Myth and the Biblical Tradition* Debra Scoggins Ballentine, 2015-06-01 In *The Conflict Myth and the Biblical Tradition* Debra Scoggins Ballentine analyzes the ancient west Asian theme of divine combat between a victorious warrior deity and his enemy typically the sea or a sea dragon

Imperial Masochism John Kucich, 2009-01-10 British imperialism s favorite literary narrative might seem to be conquest But real British conquests also generated a surprising cultural obsession with suffering sacrifice defeat and melancholia There was writes John Kucich seemingly a different crucifixion scene marking the historical gateway to each colonial theater In *Imperial Masochism* Kucich reveals the central role masochistic forms of voluntary suffering played in late nineteenth century British thinking about imperial politics and class identity Placing the colonial writers Robert Louis Stevenson Olive Schreiner Rudyard Kipling and Joseph Conrad in their cultural context Kucich shows how the ideological and psychological dynamics of empire particularly its reorganization of class identities at the colonial periphery depended on figurations of masochism Drawing on recent psychoanalytic theory to define masochism in terms of narcissistic fantasies of omnipotence rather than sexual perversion the book illuminates how masochism mediates political thought of many different kinds not simply those that represent the social order as an opposition of mastery and submission or an eroticized drama of power differentials Masochism was a powerful psychosocial language that enabled colonial writers to articulate judgments about imperialism and class The first full length study of masochism in British colonial fiction *Imperial Masochism* puts forth new readings of this literature and shows the continued relevance of psychoanalysis to historicist studies of literature and culture

The Cambridge History of Literary Criticism: Volume 9, Twentieth-Century Historical, Philosophical and Psychological Perspectives Christa Knellwolf, Christopher Norris, Jessica Osborn, 1989 This ninth volume in *The Cambridge History of Literary Criticism* presents a wide ranging survey of developments in literary criticism and theory during the last century

Drawing on the combined expertise of a large team of specialist scholars it offers an authoritative account of the various movements of thought that have made the late twentieth century such a richly productive period in the history of criticism. The aim has been to cover developments which have had greatest impact on the academic study of literature along with background chapters that place those movements in a broader intellectual national and socio cultural perspective. In comparison with Volumes Seven and Eight also devoted to twentieth century developments there is marked emphasis on the rethinking of historical and philosophical approaches which have emerged especially during the past two decades as among the most challenging areas of debate.

New Testament Theology and its Quest for Relevance Thomas R. Hatina, 2013-03-14

New Testament theology raises many questions not only within its own boundaries but also in relation to other fields such as history literary criticism sociology psychology history politics philosophy and religious studies. But the overarching question concerns the relevance of two thousand year old writings in today's world. How does one establish what is and is not relevant in the New Testament? How does one communicate the ancient ideas presented in an alien language alien time and alien culture to a contemporary audience? This book is intended to serve as a methodological introduction to the field of New Testament theology aimed at a range of readers undergraduate and Seminary students clergy and laypersons interested in the relevance of scripture. It is a guide which aims to help readers understand how practitioners of New Testament theology have wrestled with the relationship between historical reconstruction of the New Testament and its interpretation in the modern world.

Paul's Letter to the Romans and Roman Imperialism Ian E Rock, 2017-05-25

Ian E Rock demonstrates that the Letter to the Romans may be seen as an attempt by a subordinate group to redress actual and potential issues of confrontation with the Empire and to offer hope even in the face of death. Paul demonstrates that it is God's peace and not Rome's peace that is important; that loyalty to the exalted Jesus as Lord and to the kingdom of God not Jupiter and Rome leads to salvation; that grace flows from Jesus as Christ and Lord and not from the benefactions of the Emperor. If the resurrection of Jesus the crucified criminal of the Roman Empire demonstrates God's power over the universe and death the very instrument of Roman control then the Christ believer is encouraged to face suffering and death in the hope of salvation through this power. Paul's theology emerges from and is inextricably bound to the politics of his day the Scriptures of his people and to the critical fact that the God who is One and Lord of all is still in charge of the world.

Monastic Bodies Caroline T. Schroeder, 2013-03-01

Shenoute of Atripe led the White Monastery a community of several thousand male and female Coptic monks in Upper Egypt between approximately 395 and 465 C E. Shenoute's letters sermons and treatises one of the most detailed bodies of writing to survive from any early monastery provide an unparalleled resource for the study of early Christian monasticism and asceticism. In *Monastic Bodies* Caroline Schroeder offers an in depth examination of the

asceticism practiced at the White Monastery using diverse sources including monastic rules theological treatises sermons and material culture Schroeder details Shenoute's arduous disciplinary code and philosophical structure including the belief that individual sin corrupted not only the individual body but the entire corporate body of the community Thus the purity of the community ultimately depended upon the integrity of each individual monk Shenoute's ascetic discourse focused on purity of the body but he categorized as impure not only activities such as sex but any disobedience and other more general transgressions Shenoute emphasized the important practices of discipline or askesis in achieving this purity Contextualizing Shenoute within the wider debates about asceticism sexuality and heresy that characterized late antiquity Schroeder compares his views on bodily discipline monastic punishments the resurrection of the body the incarnation of Christ and monastic authority with those of figures such as Cyril of Alexandria Paulinus of Nola and Pachomius

Formalism and Marxism Tony Bennett, 2004-03-01 Russian Formalism and Marxist criticism had a seismic impact on twentieth century literary theory and the shockwaves are still felt today First published in 1979 Tony Bennett's Formalism and Marxism created its own reverberations by offering a ground breaking new interpretation of the Formalists' achievements and demanding a new way forward in Marxist criticism The author first introduces and reviews the work of the Russian Formalists a group of theorists who made an extraordinarily vital contribution to literary criticism in the decade following the October Revolution of 1917 Placing the work of key figures in context and addressing such issues as aesthetics linguistics and the category of literature literary form and function and literary evolution Bennett argues that the Formalists' concerns provided the basis for a radically historical approach to the study of literature Bennett then turns to the situation of Marxist criticism and sketches the risks it has run in becoming overly entangled with the concerns of traditional aesthetics He forcefully argues that through a serious and sympathetic reassessment of the Formalists and their historical approach Marxist critics might find their way back on to the terrain of politics where they and their work belong Addressing such crucial questions as What is literature or How should it be studied and to what end Formalism and Marxism explores ideas which should be considered by any student or reader of literature and provides a particular challenge to those interested in Marxist criticism Now with a new afterword this classic text still offers the best available starting point for those new to the field as well as representing a crucial intervention in twentieth century literary theory

The Historical Literature of the Jack Cade Rebellion Alexander L. Kaufman, 2016-03-16 Accounts of Jack Cade's 1450 Rebellion an uprising of some 30 000 middle class citizens protesting Henry VI's policies and resulting in hundreds of deaths as well as the leaders execution form the dominant entry in a group of quasi historical documents referred to as the London chronicles of the Fifteenth Century However each chronicle is inherently different and highly subjective In the first study of the primary documents related to the Cade Rebellion Alexander L Kaufman shows that the chroniclers produced multiple representations of the event rather than a single unified narrative

Aided by contemporary theories of historiography and historical representation Kaufman scrutinizes the differing representations and distinguishes the writers objectiveness their underrated literary skills and their ideological positions on the rebellion and fifteenth century politics He demonstrates how the use of figurative language is related to writing about trauma and how descriptions of Cade s procession through London are a violent parody of midsummer festivals In an exploration of authenticity in the descriptions of Cade Kaufman also examines the characterization and plot devices that push Cade towards the realm of myth showing that representations of Cade are influenced by popular fifteenth century stories of Robin Hood
