The True American Anand Giridharadas, 2015-04-07 The True American tells the story of Raisuddin Bhuiyan a Bangladesh Air Force officer who dreams of immigrating to America and working in technology But days after 9 11 an avowed American terrorist named Mark Stroman seeking revenge walks into the Dallas minimart where Bhuiyan has found temporary work and shoots him maiming and nearly killing him Two more victims at other gas stations die instantly The True American traces the making of these two men Stroman and Bhuiyan and of their fateful encounter It follows them as they rebuild shattered lives one striving on death row to become a better man the other to heal and pull himself up from the lowest rung on the ladder of an unfamiliar country Ten years after the shooting an Islamic pilgrimage seeds in Bhuiyan a strange idea if he is ever to be whole he must reenter Stroman's life He longs to confront Stroman and speak to him face to face about the attack that changed their lives Bhuiyan publicly forgives Stroman in the name of his religion and its notion of mercy Then he wages a legal and public relations campaign against the state of Texas and Governor Rick Perry to have his

attacker spared from the death penalty Ranging from Texas s juvenile justice system to the swirling crowd of pilgrims at the Hajj in Mecca from a biker bar to an immigrant mosque in Dallas from young military cadets in Bangladesh to elite paratroopers in Israel from a wealthy household of chicken importers in Karachi Pakistan to the sober residences of Brownwood Texas The True American is a rich profoundly moving exploration of the American dream in its many dimensions It helps us to consider our love hate relationship with immigrants the underpinnings of domestic terrorism and how or whether we choose what we become *Divided by Terror* John Bodnar,2021-04-12 Americans responded to the deadly terrorist attacks on September 11 2001 with an outpouring of patriotism though all were not united in their expression A war based patriotism inspired millions of Americans to wave the flag and support a brutal War on Terror in Afghanistan and Iraq while many other Americans demanded an empathic patriotism that would bear witness to the death and suffering surrounding the attack Twenty years later the war still simmers and both forms of patriotism continue to shape historical understandings of 9 11 s legacy and the political life of the nation John Bodnar s compelling history shifts the focus on America s War on Terror from the battlefield to the arena of political and cultural conflict revealing how fierce debates over the war are inseparable from debates about the meaning of patriotism itself Bodnar probes how honor brutality trauma and suffering have become highly contested in commemorations congressional correspondence films soldier memoirs and works of art He concludes that Americans continue to be deeply divided over the War on Terror and how to define the terms of their allegiance a fissure that has deepened as American politics has become dangerously polarized over the first two decades of this new century ReFocus: The Films of Pablo Larrain Hatry Laura Hatry,2020-09-21 Pablo Larrain is among the most prominent filmmakers in contemporary Chilean cinema Having created a highly original cinematic language and established a focused critical dialogue about Chile s troubled contemporary history his work presents an unflinching portrait of one of the most notorious regimes of modern Latin America indeed the world and its problematic aftermath In a straightforward often surprising and reliably controversial series of films Larrain never retreats in the face of violence or the painful truths that still undergird Chilean reality Assessing his work in the context of film aesthetics philosophy history adaptation studies and cultural studies ReFocus The Films of Pablo Larrain is the first book length English language anthology about this important director s cinema offering a wide range of perspectives by a diverse range of international scholars *Excellence vs. Equality* Allan C. Ornstein,2015-11-06 Excellence vs Equality Can Society Achieve Both Goals explores the issues faced by societies attempting to preserve democratic ideals and the common good in an era of incommensurate wealth and opportunity As differences in advantage and ability affect the relationships between institutions and the people who comprise them the book argues that political and social compromise is needed to prevent economic inequality from threatening the well being and mobility of the less able and less fortunate Topics include globalization technology innovation talent and meritocracy higher education big business labor unions and social justice within educational and workplace settings The

author raises perennial and ever prescient questions regarding how to balance excellence and equality and how to reduce inequality around the world *Remittance as Belonging* Hasan Mahmud,2024-10-11 *Remittance as Belonging* Global Migration Transnationalism and the Quest for Home argues that migrants remittances express their sense of belonging and connectedness to their home country of origin making an integral part of both migrants ethnic identity and sense of what they call home Drawing on three and a half years of ethnographic fieldwork with Bangladeshi migrants in Tokyo and Los Angeles Hasan Mahmud demonstrates that while migrants go abroad for various reasons they do not travel alone Although they leave behind their families in Bangladesh they move abroad essentially as members of their family and community and maintain their belonging to home through transnational practices including remittance sending By conceptualizing remittance as an expression of migrants belonging this book presents detailed accounts of the emergence growth decline and revival of remittances as a function of transformations in migrants sense of belonging to home **Law's Trials** Richard L. Winners Take All Anand Giridharadas, 2019-10-01 NEW YORK TIMES BESTSELLER The groundbreaking investigation of how the global elite's efforts to change the world preserve the status quo and obscure their role in causing the problems they later seek to solve An essential read for understanding some of the egregious abuses of power that dominate today's news Impassioned Entertaining reading The Washington Post Anand Giridharadas takes us into the inner sanctums of a new gilded age where the rich and powerful fight for equality and justice any way they can except ways that threaten the social order and their position atop it They rebrand themselves as saviors of the poor they lavishly reward thought leaders who redefine change in ways that preserve the status quo and they constantly seek to do more good but never less harm Giridharadas asks hard questions Why for example should our gravest problems be solved by the unelected upper crust instead of the public institutions it erodes by lobbying and dodging taxes His groundbreaking investigation has already forced a great sorely needed reckoning among the world's wealthiest and those

they hover above and it points toward an answer Rather than rely on scraps from the winners we must take on the grueling democratic work of building more robust egalitarian institutions and truly changing the world a call to action for elites and everyday citizens alike
