[WAY OF THE TRADER](#) Ian Murphy, 2019-04-15

Way of the Trader offers a fresh perspective on a mysterious art trading the financial markets Over 15 compelling chapters Ian Murphy unpacks the world of a private trader providing a wealth of practical tools for those wishing to make a living from the markets In Part A he examines the job of a trader and their relationship with the market and how to survive where so many others have failed In Part B he reveals the habits of serious professionals These include essential procedures such as

the Eight Checks and the Nine Filters which should be employed by all traders before a single penny is placed in the market. Most important of all, Ian explains how the Five Limits of Risk allow us to embrace the dangers at the heart of trading so we can face the market with confidence and clarity. In the Six Edges chapter, psychology, the key to trading success, is closely examined and we see how the concept of a trading edge is overrated and misunderstood. We also learn how Buddhist techniques for working with the mind can be profitably employed in the market. In Part C, the author shares three consistently profitable trading strategies which expose opportunities inherent in the market and demonstrates how to leverage those opportunities. These strategies are explained in great detail with the aid of annotated charts and backtested results. *Way of the Trader* is a must read for anyone thinking of trying their hand at trading. It's also an indispensable tool for experienced traders who are unable to remain profitable over the long run and need to introduce order and structure to their daily routine. Murphy doesn't claim to be another market guru or promise to make you millions. He's the guy up the street who figured out how to become profitable after years of frustration and confusion. Based on his own experience and that of other professional traders, he systematically demonstrates how patience and perseverance when coupled with an open mind and hard work offer a path to a lifestyle which is financially independent and free. If you have the courage to take that path, this book is the first step on the way.
