The Two Babylons Or The Papal Worship:

The Two Babylons; Or, the Papal Worship Proved to be the Worship of Nimrod and His Wife Alexander Hislop, 1858 The Two Babylons Alexander Hislop, 2013-09-01 Originally a pamphlet published in 1853 *The Two Babylons* is Hislop's most famous work. In this book he argues that the Roman Catholic Church is nothing more than a pagan cult with roots in Babylonian mystery cults which have a bank of secret knowledge only available to those who have been formally accepted into the cult. Roman Catholics Hislop argues are descendants from early Christians who adopted the Roman religion descended from the worship of Semiramis the wife of the founder of Babylon. By discrediting the true Christianity of Catholics Hislop hoped to bolster the legitimacy of the Protestant and Scottish Reformations. Students of theology and those interested in the complex history of Christianity will find Hislop's arguments provocative enough that they may be moved to further research of their own. Scottish minister ALEXANDER HISLOP 1807-1865 became an ordained clergyman in the Free Church of Scotland in 1844. As a Presbyterian minister Hislop was famously critical of the Roman Catholic Church. He wrote a number of books including *Christ's Crown and Covenant* 1860 and *The Moral Identity of Babylon and Rome* 1855 *The Two Babylons* Hislop, Alexander, 2015-02-23 *The Two Babylons* was first published as a booklet in 1853 but has been significantly extended to include all Hislop's writings on the subject. It is a must read for anyone interested in Church history. There is this great difference between the works of men and the works of God that the same minute and searching investigation which displays the defects and imperfections of the one brings out also the beauties of the other. If the most finely polished needle on which the art of man has been expended be subjected to a microscope many inequalities much roughness and clumsiness will be seen. But if the microscope be brought to bear on the flowers of the field no such result appears. Instead of their beauty diminishing new beauties and still more delicate that have escaped the naked eye are forthwith discovered beauties that make us appreciate in a way which otherwise we could have had little conception of the full force of the Lord's saying. Consider the lilies of the field how they grow they toil not neither do they spin and yet I say unto you That even Solomon in all his glory was not arrayed like one of these. The same law appears also in comparing the Word of God and the most finished productions of men. There are spots and blemishes in the most admired productions of human genius. But the more the Scriptures are searched the more minutely they are studied the more their perfection appears. New beauties are brought into light every day and the discoveries of science the researches of the learned and the labors of infidels all alike conspire to illustrate the wonderful harmony of all the parts and the Divine beauty that clothes the whole. **The Two Babylons, Or the Papal Worship** Alexander Hislop, 2014-11-24 Is Modern Babylon Rev 17:5 the Roman Catholic Church. Where did their practices traditions and beliefs come from. In this scholarly classic first published as a pamphlet in 1853 then greatly expanded in 1858 the late Alexander Hislop 1806-1865 reveals how most of the Christian rituals and trappings did not originate with Christ or the Bible but were adopted from ancient pagan Babylonian religion and

The Two Babylons; Or, the Papal Worship Proved to Be the Worship of Nimrod and His Wife Alexander Hislop, 2006-03-01 The Providence of God conspiring with the Word of God by light pouring in from all quarters makes it more and more evident that Rome is in very deed the Babylon of the Apocalypse that the essential character of her system the grand objects of her worship her festivals her doctrine and discipline her rites and ceremonies her priesthood and their orders have all been derived from ancient Babylon and finally that the Pope himself is truly and properly the lineal representative of Belshazzar In the warfare that has been waged against the domineering pretensions of Rome it has too often been counted enough merely to meet and set aside her presumptuous boast that she is the mother and mistress of all churches the one Catholic Church out of whose pale there is no salvation If ever there was excuse for such a mode of dealing with her that excuse will hold no longer If the position I have laid down can be maintained she must be stripped of the name of a Christian Church altogether

for if it was a Church of Christ that was convened on that night when the pontiff king of Babylon in the midst of his thousand lords praised the gods of gold and of silver and of wood and of stone Dan 5 4 then the Church of Rome is entitled to the name of a Christian Church but not otherwise This to some no doubt will appear a very startling position but it is one which it is the object of this work to establish and let the reader judge for himself whether I do not bring ample evidence to substantiate my position *The Two Babylons; or the Papal worship proved to be the worship of Nimrod and his wife. ...
