**Giving Up Baby** Laury Oaks, 2015-06-05 Baby safe haven laws which allow a parent to relinquish a newborn baby legally and anonymously at a specified institutional location such as a hospital or fire station were established in every state between 1999 and 2009 Promoted during a time of heated public debate over policies on abortion sex education teen pregnancy adoption welfare immigrant reproduction and child abuse safe haven laws were passed by the majority of states with little contest These laws were thought to offer a solution to the consequences of unwanted pregnancies mothers would no longer be burdened with children they could not care for and newborn babies would no longer be abandoned in dumpsters Yet while these laws are well meaning they inadequately address the social injustices that compel abandonment for the very small number of girls and women who abandon their newborns Advocates of safe haven laws target teenagers women of color and poor women in particular with safe haven information under the assumption that they cannot offer good homes for their children Laury Oaks argues that the labeling of certain kinds of women as potential bad mothers who should consider anonymously giving up their newborns for adoption into a loving home should best be understood as an issue of reproductive

justice Safe haven discourses promote narrow images of who deserves to be a mother and reflect restrictive views on how we should treat women experiencing an unplanned pregnancy      **Baby and Solo** Lisabeth Posthuma,2021-05-11 In the Michigan of 1996 seventeen year old Joel Teague has a new prescription from his therapist a part time job the first step toward the elusive Normal life he s been so desperate to live ever since The Bad Thing happened Lucky for Joel ROYO Video is hiring It s the perfect fresh start Joel even gets a new name Dubbed Solo after his favorite Star Wars character Joel works his way up the not so corporate ladder without anyone suspecting What Was Wrong With Him That is until he befriends Nicole Baby Palmer a smart mouthed coworker with a chip on her shoulder about well everything Publisher marketing
