The No-Nonsense Guide to Sexual Diversity Vanessa Baird, 2007-10-01. The treatment of sexual minorities whether lesbian, gay, bisexual or transgender varies significantly in different parts of the world. In some countries equal rights have been achieved and progress is being made against discrimination; in others being gay still incurs the death penalty. This guide examines all the colors of the sexual rainbow, unearths hidden histories and looks at contributions from medicine and science. It also includes a unique global survey of laws that affect sexual minorities. Vanessa Baird has been co-editor at New Internationalist magazine since 1986. Her previous books include as compiler and editor *Eye to Eye: Women*.

Living Out Islam Scott Siraj al-Haq, 2023-11-21. An excellent contribution to the emerging literature on LGBTQ Muslims facing both homophobia and Islamophobia. Amina Wadud Starr King School for the Ministry 2015 Israel Fishman Non-Fiction Award presented by the Stonewall Books Awards of the American Library Association. Muhsin is one of the organizers of Al-Fitra Foundation, a South African support group for lesbian, transgender and gay Muslims. Islam and homosexuality are seen by many as deeply incompatible. This, according to Muhsin, is why he had to act. I realized that I'm not alone; these people are going through the very same things that I'm going through. But I've managed because of my in-depth relationship with God to reconcile the two. I was completely comfortable saying to the world that I'm gay and I'm Muslim. I wanted to help other people to get there. So that's how I became an activist. *Living Out Islam* documents the rarely heard voices of Muslims who live in secular democratic countries and who are gay, lesbian and transgender. It weaves original interviews with Muslim activists into a compelling composite picture which showcases the importance of the solidarity of support groups in the effort to change social relationships and achieve justice. This nascent movement is not about being out as opposed to being in the closet. Rather, as the voices of these activists demonstrate, it is about finding ways to live out Islam with dignity and integrity, reconciling their sexuality and gender with their faith and reclaiming Islam as their own. The fifteen stories this book tells constitute a unifying narrative about the human capacity for positive meaning-making as well as personal and socio-political change.

Islam, Women's Sexuality and Patriarchy in Indonesia Irma Riyani, 2020-11-26. This book explores the intimate marital relationships of Indonesian Muslim married women. As well as describing and analysing their sexual relationships, the book also investigates how Islam influences discourses of sexuality in Indonesia and in particular how Islamic teachings affect Muslim married women's perceptions and behaviour in their sexual relationships with their husbands. Based on extensive original research, the book reveals that Muslim women perceive marriage as a social, cultural and religious obligation that they need to fulfil; that they realise that finding an ideal marriage partner is complicated with some having the opportunity for a long courtship and others barely

knowing their partner prior to marriage and that there is a strong tendency with some exceptions for women to consider a sexual relationship in marriage as their duty and their husband's right. Religious and cultural discourses justify and support this view and consider refusal a sin, dosa or taboo. Both discourses emphasise obedience towards husbands in marriage.

Sex and Sex Education, Islam & Muslims Mark Sedgwick, 2006-03-07 Appreciate a rich and diverse culture. Understand real people in their everyday lives. The need to understand Islam and Muslims has never been greater, both because of conflicts that dominate the news and because of the increasing presence of Muslims in Western societies. There are hundreds of books that introduce the Western reader to Islam, and dozens of books that explore various Muslim societies. Usually Arab ones. *Islam & Muslims* is the first to bring together both explaining Islam in theory and in practice across the diverse Muslim world. Readers learn not just what Islam says about everything from the nature of God to marriage to prayer to politics, but also how individual Muslims, traditional or modern, devout or barely observant, apply teachings in everyday life.
