time then there would be dry times Those times came when I was more focused on worldly things than what God was wanting me to be focused on As I returned to listening to that small voice the subject and body of the devotion came dearer to me and I began writing again There are devotions directly related to my cancer journey with most relating to the lessons that I have learned or relearned Recently I was diagnosed with another cancer breast cancer After surgery and radiation treatments I feel the chance of reoccurrence is as low as it can be As I have gone through the diagnosis and treatment these devotions have proven be support to me even though I wrote them My prayer is that those reading this book will be inspired to have hope for the future even though they are going through or have gone through their own cancer journey Hoping for More Deanna Thompson,2012-05-01 We tend to use words like miracle and mystery in the context of serendipity In this frank and eloquent account of life transformed by cancer Deanna Thompson explores these articles of faith as they are also wont to appear on the hard edges of hope and the dark side of joy Krista Tippet from the Foreword Hoping for More is a story of a young religion professor with a stage IV cancer diagnosis and a lousy prognosis for the future Amid the grief and the grace of her fractured life this theologian who is also a wife mother daughter sister and friend searches for words adequate to express her faltering faith More Anne Lamott meets Harold Kushner than the teller of a pious God saved me from cancer tale Thompson unpacks the messy realities that arise when faith and suffering collide Told in shimmering prose Hoping for More takes readers on an unsentimental journey through the valley of the shadow of cancer beyond the predictable parameters of prayer the church even belief in life after death What emerges is a novel approach to talking faith and accepting grace when hope is all you ve got Our Indifferent Universe Surazeus Astarius,2019-01-25 Our Indifferent Universe presents 903 poems written 2015 2017 by Surazeus that explore what it means to be a human in our indifferent universe *Wayward Journey* Richard H.
