The Way in the Wilderness Augustine Stock, 1969 The Exodus theme is one of the most basic in Biblical tradition and it is to be expected that it should appear again and again as the Lord's plan of salvation unfolded It is possible to trace out this theme as it is reflected in the various writings of Scripture and such an exercise should add greatly to our understanding of the Lord's saving purpose With the Exodus theology as a background we may profitably consider two closely related themes After the Exodus from Egypt there followed the wilderness period the march through the desert which also left a deep imprint on Biblical tradition So after the Exodus there follows a consideration of the wilderness theme God's chosen agent throughout this period was Moses who consequently came to occupy a unique place in Biblical tradition The Moses theme therefore constitutes the third area of study covered in this volume *The Way in the Wilderness* Joseph Irons, 1957 **A Way Through the Wilderness** Jamie Buckingham, 1983-11-25 Do you sometimes feel that you are wandering in a wilderness of grief confusion and faltering faith If so you are not alone Like the lost children of Israel many have searched for a way through a personal wilderness But just as those same Israelites followed God's leading to the Promised Land you too can find the promised new life in the Spirit Jamie Buckingham made such a journey not only figuratively but literally During a time of intense personal struggle he traveled to the Sinai There he found restoration and in the solitude of a wilderness night he learned ancient Bible truths that would alter his life forever Of all the locations Jamie visited during his many trips to Israel he loved the Sinai desert the most In this book he shares with you the simple healing secrets that God first revealed to Moses at the dawn of faith www.JamieBuckinghamMinistries.com The way in the wilderness Emilie Martha Bonning, 1946
