The Wayward Return:

The Wayward Return A. Mathews, 2014-11-01 Gabriel Castillo is more sinner than saint Just about everything seems on the verge of collapse for the 28 year old unemployed electrician with a talent for fixing most anything except himself Freshly homeless living on the fringe of urban society Gabe s one constant companion is a still small voice emanating from somewhere deep in his chest imploring him to do good His one constant source of joy is his three year old son Miguel Splitting visitation rights with an ex nicknamed the Beast Gabe s number one concern is getting Miguel for his scheduled weekend visit However as Gabe scrambles to pull it together and follow the petition of his heart a terrible mistake on a train sends his life so far off track he fears for his eternal salvation *The Prodigal Returns* , Return of the Pharaoh Daniel Molitor, 2012-08-29 Book two in the Tales of Egypt series Return to the story of The Lost Pharaoh and the men obsessed with discovering the secret of his final resting place in a mysterious and deadly desert canyon Notes dispatches and photographs tell the story of the intrepid reporter determined to solve a mystery as old as the pyramids of Egypt **The Returns** Philip Salom, 2019-08-01 Elizabeth posts a room for rent notice in Trevor s bookshop and is caught off guard when Trevor answers the ad himself She expected a young student not a middle aged bookseller whose marriage has fallen apart But Trevor is attracted to Elizabeth s house because of the empty shed in her backyard the perfect space for him to revive the artistic career he abandoned years earlier The face blind EH Holden driving Elizabeth is a solitary and feisty book editor and she accepts him on probation Miles Franklin finalist Philip Salom has a gift for depicting the inner states of his characters with empathy and insight In this poignant yet upbeat novel the past keeps returning in the most unexpected ways Elizabeth is at the beck and call of her ageing mother and the associated memories of her childhood in a Rajneesh community Trevor s Polish father disappeared when Trevor was fifteen and his mother died not knowing whether he was dead or alive The authorities have declared him dead but is he The Returns is a story about the eccentricities failings and small triumphs that humans are capable of a novel that pokes fun at literary and artistic pretensions while celebrating the expansiveness of art kindness and friendship Philip Salom dissects the vulnerabilities of the human condition loneliness fear of intimacy powerlessness guilt the power of the past to haunt us the fear of the future to mire us and the redemptive effects of love and acceptance Miles Franklin Award Judges on Waiting A tour de force of sustained affection and wit Australian Book Review on Waiting The Return of the Prodigal Ope Banwo, 2003-02 **The Return of the Native** , 2005-02-10 To be loved to madness such was her great desire Eustacia Vye criss crosses the wild Egdon Heath eager to experience life to the full in her quest for music poetry passion war She marries Clym Yeobright native of the heath but his idealism frustrates her romantic ambitions and her discontent draws others into a tangled web of deceit and unhappiness Early readers responded to Hardy s insatiably observant descriptions of the heath a setting that for D H Lawrence provided the real stuff of tragedy For modern readers the tension between the mythic setting of the heath and the modernity of the characters challenges our freedom to

shape the world as we wish like Eustacia we may not always be able to live our dreams This edition has a critically established text based on the manuscript and first edition and without the later changes that substantially altered Hardy's original intentions

Modernity, Civilization and the Return to History Anthony F. Shaker, 2020-10-06 The modern concept and study of civilization have their roots not in western Europe but in the spirit of scientific investigation associated with a self-conscious Islamicate civilization What we call modernity cannot be fathomed without this historical connection We owe every major branch of science known today to the broad tradition of systematic inquiry that belongs to a region of being as Heidegger would say whose theoretical practical and institutional dimensions the philosophy of that civilization played an unprecedented role in creating This book focuses primarily on the philosophical underpinnings of questions relating to civilization personhood and identity Contemporary society and thinking in western Europe introduced new elements to these questions that have altered how collective and personal identities are conceived and experienced In the age of globalization expressions of identity individual social and cultural survive precariously outside their former boundaries just when humanity

faces perhaps its greatest challenges environmental degradation policy inertia interstate bellicosity and a growing culture of tribalism Yet the world has been globalized for at least a millennium a fact dimmed by the threadbare but still widespread belief that modernity is a product of something called the West One is thus justified in asking as many people do today if humanity has not lost its initiative This is more a philosophical than an empirical question There can be no initiative without the human agency that flows from identity and personhood i e the way we the acting subject live and deliberate about our affairs Given the heavy scrutiny under which the modern concept of identity has come Dr Shaker has dug deeper bringing to bear a wealth of original sources from both German thought and ikmah Islamicate philosophy the latter based on material previously unavailable to scholars Posing the age old question of identity anew in the light of these two traditions whose special historical roles are assured may help clear the confusion surrounding modernity and hopefully our place in human civilization Proximity to Scholasticism and therefore Islamicate philosophy lent German thought up to Heidegger a unique ability to dialogue with other thought traditions Two fecund elements common to Heidegger Q naw and Mull adr are of special importance Logos utterance speech as the structural embodiment at once of the primary meaning essential reality of a thing and of divine manifestation and the idea of unity in difference which adr finally formulated as the substantial movement of existence But behind this complexity is the abiding question of who Man is which cannot be answered by theory alone Heidegger who occupies a good portion of this study questioned the modern ontology at a time of social collapse and deep spiritual crisis not unlike ours Yet that period also saw the greatest breakthroughs in modern physics and social science The concluding chapters take up more specifically identity renewal in Western literature and Muslim reformism The renewal theme reflects a point of convergence between the Eurocentric worldview in which modernism has its secular aesthetics roots and a current originating in Ibn Taymiyyah s reductionist epistemology and skeptical fundamentalism It expresses a hopeless longing for origin in a historically pristine golden age an obvious deformation of philosophy s millennial concern with the commanding creative oneness of the Being of beings

The Return of the Native Thomas Hardy, 1898 *Romantic Returns* Deborah Elise White, 2000 *Romantic Returns* explores the theorization and operation of imagination in pre romantic and romantic writing Drawing on the poetry and prose of William Collins William Hazlitt and Percy Bysshe Shelley it shows the continuing importance of their understanding of imagination for contemporary debates about the historicity of literature Historicist readings of romanticism have done much to establish how and why romantic aesthetics is ideological an illusory if effective evasion of its material conditions *Romantic Returns* challenges this position by arguing that romantic aesthetics is rather critical a reflective if problematic articulation of those conditions The argument foregrounds the ways in which the aesthetics of romanticism inform its political and economic speculations The book opens with an examination of mid eighteenth century debates about the role of superstition in the constitution of a national literary tradition It considers in particular how Collins's odes figure Scotland as the site of a superstitious poetry that must be assimilated into British history even as Collins questions the very framework of assimilation This ambiguous defense of superstition in the national polity is rewritten by romanticism as a defense of imagination For the romantics the concept of imagination involves an explicit theorization of how the mind's projections play a constitutive role in what appear to be social norms and economic facts Hazlitt clarifies this position in his *Essay on the Principles of Human Action* The *Essay* develops a rhetorical theory of imagination in order to deconstruct the entire metaphysical basis of self interest on which eighteenth and nineteenth century political economy is based Hazlitt's political pamphlets bring this argument to bear on his analysis of the economic interests fueling the Napoleonic wars Despite Hazlitt's enormous and widely acknowledged influence his writings have been little studied on their

own account Romantic Returns underlies their centrality to the romantic articulation of aesthetics and politics The final sections of the book engage Shelley s complex interrogation of the contradictions involved in just such articulations In both his poetry and prose Shelley turns to law and history as fields in which these contradictions can be negotiated or even resolved But Shelley who once called poets unacknowledged legislators suggests that violence may be unavoidable in any imaginative legislation that attempts to realize itself in properly historical action The passage from poetry to politics cannot evade the problem of force Tracing the crossings between superstition imagination and history in all three of these writers Romantic Returns shows how difficult it is to maintain such crossings In doing so it shows too the continuing challenge of romanticism to contemporary historicism **Jewish Theology** Kaufmann Kohler,1918 **The Christian Century** ,1921
