The Wife Drought:

WIFE DROUGHT. ANNABEL. CRABB,2016 **Wife Drought, The** Annabel Crabb,2015 Originally published North Sydney NSW Ebury Press 2014 **The Wife Drought** Annabel Crabb, Having a spouse who takes care of things at home is a Godsend on the domestic front It s a potent economic asset on the work front And it s an advantage enjoyed even in our modern society by vastly more men than women Working women are in advanced sustained and chronically under reported state of wife drought and there is no sign of rain But why is the work and family debate always about women Why don t men get the same flexibility that women do In our fixation on the barriers that face women on the way into the workplace do we forget about the barriers that for men still block the exits **The Smart Wife** Yolande Strengers,Jenny Kennedy,2021-08-31 The life and times of the Smart Wife feminized digital assistants who are friendly and sometimes flirty occasionally glitchy but perpetually available Meet the Smart Wife at your service an eclectic collection of feminized AI robotic and smart devices This digital assistant is friendly and sometimes flirty docile and efficient occasionally glitchy but perpetually available She might go by Siri or Alexa or inhabit Google Home She can keep us company order groceries vacuum the floor turn out the lights A Japanese digital voice assistant a virtual anime hologram named Hikari Azuma sends her master helpful messages during the day an American sexbot named Roxxy takes on other kinds of household chores In The Smart Wife Yolande Strengers and Jenny Kennedy examine the emergence of digital devices that carry out wifework domestic responsibilities that have traditionally fallen to human wives They show that the principal prototype for these virtual helpers designed in male dominated industries is the 1950s housewife white middle class heteronormative and nurturing with a spick and span home It s time they say to give the Smart Wife a reboot What s wrong with preferring domestic assistants with feminine personalities We like our assistants to conform to gender stereotypes so what For one thing Strengers and Kennedy remind us the design of gendered devices re inscribes those outdated and unfounded stereotypes Advanced technology is taking us backwards on gender equity Strengers and Kennedy offer a Smart Wife manifesta proposing a rebooted Smart Wife that would promote a revaluing of femininity in society in all her glorious diversity **This Is Not a Feminism Textbook** Catherine Rottenberg,2024-03-19 Feminist scholars from around the world on key debates and concerns ranging from motherhood home and family to media technology and medicine This thought provoking book is written by prominent feminist scholars from around the world It is engaging and accessible distilling the highest level of knowledge into fascinating but concise entries This Is Not A Feminism Textbook offers a clear straightforward overview of key feminist debates and concerns ranging from motherhood home work and family to media technology and medicine This book is a must read for everyone who is curious about the sex gender distinction and the relation between gender and other aspects of identity and it tackles plenty more questions along the way Are smart homes really smart Will technology save the world What does class have to do with feminism And what does intersectionality actually mean The work of feminism to help create

a more just and equal society is not yet done This book provides a roadmap to inspire each and every reader to continue exploring thinking about discussing and doing feminism Contributors Celia Roberts Amber Jamilla Musser Simidele Dosekun Sara R Farris Chiara Pellegrini Cynthia Barounis Suzanne Leonard Yolande Strengers Heather Berg Criminal Law and the Man Problem Ngaire Naffine,2019-04-04 Men have always dominated the most basic precepts of the criminal legal world its norms its priorities and its character Men have been the regulators and the regulated the main subjects and objects of criminal law and by far the more dangerous sex And yet men as men are still hardly talked about as the determining force within criminal law or in its exegesis This book brings men into sharp focus as the pervasively powerful interest group whose wants and preoccupations have shaped the discipline This constitutes the man problem of criminal law This new analysis probes the unacknowledged thinking of generations of influential legal men which includes the psychological and legal techniques that have obscured the operation of bias even to the legal experts themselves It explains how men s interests have influenced the most cherished legal norms especially the rules of human contact which were designed to protect men from other men while specifically securing lawful sexual access to at least one woman The aim is to test the discipline s broadest commitments to civility and its trajectory towards the final resolution when men and women were declared to be equal and equivalent legal persons In the process it exposes the morally and intellectually limiting consequences of male power Finding Your Voice Jennifer Turner,2021-08-26 This book invites you to know yourself and enjoy the delight your Creator has in you By finding your voice you will be able to engage more confidently in the life that lies ahead of you and welcome generous relationships with those who share the journey with you So whether you are just starting out on life or sensing a later change of direction you are encouraged to explore your creation and spiritual gifts and make your contribution around the table of leadership participating fully in joining your voice to the conversation The God who created you and now redeems you purposefully gifted you that voice and invites you to uncover it and offer it to the world in service as well as in self expression From her own lifetime of discovery the author shares many stories of her journey and tackles some of the obstacles that are more acute for women on the way to finding their voice But because we all need people around us understanding and encouraging us the hope is that men will read these pages too in the spirit of HeForShe and so offer women their whole hearted support **One** Clare Payne,2018-04-30 More adults than ever before are now living alone one quarter of all households in Australia are currently single person households They are forging new ways of having contented and connected lives One gives insight to the once maligned and now increasingly chosen status of being single It is an inspiring call to politicians business leaders and individuals challenging us all to recognise the worth and standing of One *Men at Work* Annabel Crabb,2020-09-29 When New Zealand s prime minister Jacinda Ardern announced her pregnancy the headlines raced around the world But when Scott Morrison and Josh Frydenberg became the first prime minister and treasurer duo since the 1970s to take on their roles while bringing up young children this detail passed largely without notice

Why do we still accept that fathers will be absent Why do so few men take parental leave in this country Why is flexible and part time work still largely a female preserve In the past half century women have revolutionised the way they work and live But men s lives have changed remarkably little Why Is it because men don t want to change Or is it because every day in various ways they are told they shouldn t In *Men at Work* Annabel Crabb deploys political observation workplace research and her characteristic humour and intelligence to argue that gender equity cannot be achieved until men are as free to leave the workplace when their lives demand it as women are to enter it

Marriage and Values in Public Policy Elizabeth van Acker, 2017-01-20 Marriage is a site of political conflict It is a controversial issue in the UK Australia and the US where there is a clash of values between neoliberal governments and diverse groups either strongly opposing or supporting marriage In the meantime fewer couples are marrying while other family forms are more widely accepted This book explores this disconnect by examining policy issues such as class divides ethnicity religion same sex marriage gender relations and romantic expectations A top down approach explores different government policy responses to marriage In all three countries there are differences and similarities in how governments react to the changes in family formations but values or conceptions of the desirable play a significant role Enhancing stability and commitment as well as personal responsibility are important for policymakers who aim to keep the family intact and thereby lower the burden on the public purse It is difficult for political actors to respond to conflicting and changing values surrounding the diversity in relationships or to translate them into policies There is a strong case to be made for increased policy attention to adult relationships and a much weaker case for marriage Rich evidence is drawn from interviews with key stakeholders as well as politicians speeches government departmental reports stakeholders documents and responses to government policies and media articles

Shortlisted Hannah Brenner Johnson, Renee Knake Jefferson, Melissa Murray, 2020-05-12 Shortlisted is the inspiring and previously untold history of the women considered but not selected for the U S Supreme Court In 1981 after almost two centuries of exclusively male appointments Sandra Day O Connor became the first female Supreme Court Justice of the United States a significant historical moment and a symbolic triumph for women s rights supporters But there were other remarkable women shortlisted for the Supreme Court in the decades before O Connor s success Shortlisted gives nine women formally considered but passed over for a seat on the Supreme Court going back to the 1930s the recognition they deserve Award winning scholars Renee Knake Jefferson and Hannah Brenner Johnson rely on previously unpublished materials to illustrate the professional and personal lives of these accomplished women From Florence Allen the first woman judge in Ohio and the first to appear on a president s list for the Court to Cornelia Kennedy the first woman to serve as chief judge of a US district court shortlisted by Ford and Reagan Shortlisted shares the overlooked stories of those who paved the way for women s representation throughout the legal profession and beyond Filling a notable historical gap the book also exposes the harms of shortlisting revealing how adding qualified female candidates to a list but passing over them creates the appearance of

diversity while preserving the status quo Women especially female minorities while as qualified as others on the shortlist if not more so find themselves far less likely to be chosen With the stories of these nine exemplary women as a framework Shortlisted offers all women a valuable set of strategies for upending these enduring injustices *Big Picture Parents* Harriet Connor,2017-01-20 Being a parent in the modern world is tough We are often overwhelmed with fear about damaging our children guilt about our imperfections and confusion about our role Harriet Connor knows these feelings well But hers is not just another parenting book full of shoulds and shouldn'ts to make you feel worse Rather she invites you to step back and consider the bigger picture What is the purpose of life and parenthood What are our human limitations How can we cope with our guilt and fear What are our family's values and how do we pass them on What is our family's structure and place within the wider community When she was desperate for answers Harriet Connor turned to the ancient wisdom of her ancestors the Bible She went looking for little pieces of grandmotherly advice but what she found was a grand vision a big picture that made sense of both life and parenthood Whether you are new to the Bible or have read it before you will not regret taking time to reflect on its message which has given comfort and guidance to generations of parents just like you
