The Invited Jennifer McMahon, 2019-04-30 A chilling ghost story with a twist the New York Times bestselling author of *The Winter People* returns to the woods of Vermont to tell the story of a husband and wife who don't simply move into a haunted house they build one In a quest for a simpler life Helen and Nate have abandoned the comforts of suburbia to take up residence on forty four acres of rural land where they will begin the ultimate aspirational do it yourself project building the house of their dreams When they discover that this beautiful property has a dark and violent

past Helen a former history teacher becomes consumed by the local legend of Hattie Breckenridge a woman who lived and died there a century ago With her passion for artifacts Helen finds special materials to incorporate into the house a beam from an old schoolroom bricks from a mill a mantel from a farmhouse objects that draw her deeper into the story of Hattie and her descendants three generations of Breckenridge women each of whom died suspiciously As the building project progresses the house will become a place of menace and unfinished business a new home now haunted that beckons its owners and their neighbors toward unimaginable danger *The Kivas of Heaven* Gary A. Untranslatable Alma Alexander, 2018-10-08 There is a story behind every word There is a word behind every story Some concepts require a single word in other languages but paragraphs to explain in English There are times when it is impossible to have a direct translation of something to understand an idea at once simple to one mind and unutterably impenetrable to another except through the bridge of story through a literal journey into another language another culture another mind The 14 stories in this book are bridges made of words crossing into language landscapes of Japan of Sweden of France of Portugal of Tierra del Fuego glimpses into the worldview and the mindset of cultures different enough from our own to produce a single word that encompasses a world of concepts Translating the untranslatable I love Alma Alexander s writing Reading one of her stories is like having a beautiful and intense conversation that you walk away from realizing that you ve learned something you didn t know about yourself Leigh Grossman author of *The Green Lion* and *The Lost Daughters* creator of *Sense of Wonder*

Tewa Worlds Samuel Duwe, 2020-05-05 *Tewa Worlds* tells a history of eight centuries of the Tewa people set among their ancestral homeland in northern New Mexico Bounded by four sacred peaks and bisected by the Rio Grande this is where the Tewa after centuries of living across a vast territory reunited and forged a unique type of village life It later became an epicenter of colonialism for within its boundaries are both the ruins of the first Spanish colonial capital and the birthplace of the atomic bomb Yet through this dramatic change the Tewa have endured and today maintain deep connections with their villages and a landscape imbued with memory and meaning Anthropologists have long trekked

through Tewa country but the literature remains deeply fractured among the present and the past nuanced ethnographic description and a growing body of archaeological research Samuel Duwe bridges this divide by drawing from contemporary Pueblo philosophical and historical discourse to view the long arc of Tewa history as a continuous journey The result is a unique history that gives weight to the deep past colonial encounters and modern challenges with the understanding that the same concepts of continuity and change have guided the people in the past and present and will continue to do so in the future Focusing on a decade of fieldwork in the northern portion of the Tewa world the Rio Chama Valley Duwe explores how incorporating Pueblo concepts of time and space in archaeological interpretation critically reframes ideas of origins ethnogenesis and abandonment It also allows archaeologists to appreciate something that the Tewa have always known that there are strong and deep ties that extend beyond modern reservation boundaries Indian Uprising on the Rio Grande Franklin Folsom,1996-07 A thrilling account of the bloody rebellion forged by the Pueblo Indians against the Spanish invaders Mental Health Disorders Sourcebook, 8th Ed. Herhahn,Ann F. Ramenofsky,2016-04-01 This 13th biennial volume of the Southwest Symposium highlights three distinct archaeological themes historical ecology demography and movement tied together through the consideration of the knowledge tools of cause and explanation These tools focus discussion on how and why questions facilitate assessing past and current knowledge of the Pueblo Southwest and provide unexpected bridges across the three themes For instance people are ultimately the source of the movement of artifacts but that statement is inadequate for explaining how artifact movement occurred or even why at a regional scale different kinds of movement are implicated at different times Answering such questions can easily incorporate questions about changes in climate or in population density or size Each thematic section is

introduced by an established author who sets the framework for the chapters that follow Some contributors adopt regional perspectives in which both classical regions the central San Juan or lower Chama basins and peripheral zones the Alamosa basin or the upper San Juan are represented Chapters are also broad temporally ranging from the Younger Dryas Climatic interval the Clovis Folsom transition to the Protohistoric Pueblo world and the eighteenth century ethnogenesis of a unique Hispanic identity in northern New Mexico Others consider methodological issues including the burden of chronic health afflictions at the level of the community and advances in estimating absolute population size Whether emphasizing time space or methodology the authors address the processes steps and interactions that affect current understanding of change or stability of cultural traditions Exploring Cause and Explanation considers themes of perennial interest but demonstrates that archaeological knowledge in the Southwest continues to expand in directions that could not have been predicted fifty years ago Contributors Kirk C Anderson Jesse A M Ballenger Jeffery Clark J Andrew Darling B Sunday Eiselt Mark D Elson Mostafa Fayek Jeffrey R Ferguson Severin Fowles Cynthia Herhahn Vance T Holliday Sharon Hull Deborah L Huntley Emily Lena Jones Kathryn Kamp Jeremy Kulisheck Karl W Laumbach Toni S Laumbach Stephen H Lekson Virginia T McLemore Frances Joan Mathien Michael H Ort Scott G Ortman Mary Ownby Mary M Prasciunas Ann F Ramenofsky Erik Simpson Ann L W Stodder Ronald H Towner Record of Strange News in Northeast Sun PangZi,2020-01-06 In the vast northeast there are countless strange legends The protagonist of this book was originally a young man with no ambition but he was destined for ghosts all his life After difficulties and obstacles he gradually grew into a strong and righteous man His life is not only the life of killing demons and removing demons but also the life of saving the declining human nature
