Witches of the Dead Kingdom Ash Oldfield, 2023-11-24 Once upon a time the almighty Dhia walked the realm of Earth setting themselves up as gods over the humble mortals Centuries have passed since their banishment and the Dhia have fallen out of human memory The only connection between the Otherworld and Earth that remains is the crossing to Annwn where the souls of the dead go to rest Odd then that Arawn King of Annwn and High Lord of the Dead has a mortal wife and stepson The Dhia have turned a blind eye to this oddity for now but Motoki is nearing the age of adulthood and his very presence in Annwn is dangerous It would be wise for the Dhia to remember that High Lord Arawn is not to be underestimated when it comes to protecting his own Across the narrow divide on Earth the spirits of the dead are growing restless Spirit Seeker Louisa is growing concerned but none of the witches in her life seem to be too bothered by it Louisa's suspicions turn into alarm when she runs into a young man from another world who needs her help to return to the Otherworld But nothing is as it seems and hidden family secrets could at best get them killed and at worst could spark a war *Witches of the Dead Kingdom* is the first book of an exciting new Contemporary Adult Fantasy series by Australian author Ash Oldfield that blends Welsh mythology with modern day magic *The Witch and the Dead* Heather Blake, 2016-10-04 The national bestselling author of *Gone with the Witch* returns as wish granting witch Darcy Merriweather uncovers dangerous

Witches, Isis and Narrative Stavros Frangoulidis,2008-11-06 This is the first in depth study of Apuleius *Metamorphoses* to look at the different attitudes characters adopt towards magic as a key to deciphering the complex dynamics of the entire work The variety of responses to magic is unveiled in the narrative as the protagonist Lucius encounters an assortment of characters either in embedded tales or in the main plot A contextualized approach illuminates Lucius relatively good fortune when compared to other characters in the novel this results from his involvement with the magic of a sorcerer s apprentice rather than that of a real witch and signals the possibility of eventual salvation A careful investigation of Lucius attitude towards Isis in book 11 and his relationship with the witch slave girl Photis earlier on suggests that the novel s final book may be read as a second *Metamorphoses* consciously rewritten from a positive perspective Last but not least the book also breaks new ground by examining the narrative structure of the *Metamorphoses* against the background of the typical plotline found in the ideal romance The comparison shows how Apuleius both follows and alters this plot exploiting the genre to his own specific ends in keeping with his central theme of metamorphosis

Killing the Dead John Blair, 2025-11-11 A riveting history of vampire panics across cultures and down through the millennia and why killing the dead is better than killing the living *Killing the Dead* provides the first in depth global account of one of the world's most widespread yet misunderstood forms of mass hysteria the vampire epidemic In a spellbinding narrative John Blair takes readers from ancient Mesopotamia to present day Haiti to explore a macabre frontier of life and death where corpses are believed to wander or do harm from the grave and where the vampire is a physical expression of society's inexplicable terrors and anxieties In 1732 the British public opened their morning papers to read of lurid happenings in eastern Europe Serbian villagers had dug up several corpses and had found them to be undecayed and bloated with blood Recognizing the marks of vampirism they mutilated and burned them Centuries earlier the English themselves engaged in the same behavior In fact vampire epidemics have flared up throughout history in ancient Assyria China and Rome medieval and early modern Europe and the Americas Blair blends the latest findings in archaeology anthropology and psychology with vampire lore from literature and popular culture to show how these episodes occur at traumatic moments in societies that upend all sense of security and how the European vampire is just one species in a larger family of predatory supernatural entities that includes the female flying demons of Southeast Asia and the lustful yoginis of India Richly illustrated *Killing the Dead* provocatively argues that corpse killing far from being pathological or unhealthy served as a therapeutic and largely harmless outlet for fear hatred and paranoia that would otherwise result in violence against marginalized groups and individuals
