Willison, 1971-07-02 More than fifty specialists have contributed to this new edition of volume 2 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries      **The Tatler** Sir Richard Steele, Joseph Addison, 2014      **Catalogue of the Library of the Boston Athenaeum**, 1874      **Catalogue of the Library of the Boston Athenaeum** Anonymous, 2023-05-17 Reprint of the original first published in 1874 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost      **The Tatler** Richard Steele, 2015-01-29 A four volume edition 1797 of Richard Steele's famous periodical of news and gossip first published 1709-11      Catalogue of the Library of the Boston Athenaeum Boston Athenaeum, 1874      The Epistolary Correspondence of Sir Richard Steele Richard Steele, 2014-05-22 These two volumes of the letters of Sir Richard Steele compiled by the publisher John Nichols were published in 1809      **The British Library General Catalogue of Printed Books to 1975** British Library, 1984      Coffeehouse Culture in the Atlantic World, 1650-1789 E. Wesley Reynolds, 2022-03-10 This book argues that coffeehouses and the coffee trade were central to the making of the Atlantic world in the century leading up to the American Revolution Fostering international finance and commerce spreading transatlantic news building military might determining political fortunes and promoting status and consumption coffeehouses created a web of social networks stretching from Britain to its colonies in North America As polite alternatives to taverns coffeehouses have been hailed as penny universities a place for political discussion by the educated and elite Reynolds shows that they were much more than this Coffeehouse Culture in the Atlantic World 1650-1789 reveals that they simultaneously created a network for marine insurance and naval protection led to calls for a free press built tension between trade lobbyists and the East India Company and raised questions about gender respectability and the polite middling class It demonstrates how coffeehouses served to create transatlantic connections between metropole Britain and her North American colonies and played an important role in the revolution and protest movements that followed
