The Tesla Papers:

The Tesla Papers Nikola Tesla, 2000 Nikola Tesla on free energy wireless transmission of power Cover *The Tesla FBI Files* Nikola Tesla, 2016-01-01 One of the more controversial topics involving Nikola Tesla is what became of many of his technical and scientific papers after he died in 1943 Just before his death at the height of World War II he claimed that he had perfected his so called death beam So it was natural that the FBI and other U S Government agencies would be interested in any scientific ideas involving weaponry Some were concerned that Tesla s papers might fall into the hands of the Axis powers or the Soviets For many years scientists and researchers have sought for Tesla s missing papers with no apparent success It is conceivable that if Nikola Tesla knew a means for accurately projecting lethal beams of energy through the atmosphere he may have taken it to the grave with him The FBI claims that despite longstanding reports and rumors it was not involved in searching Tesla s effects and it never had possession of his papers or any microfilm that may have been made of those papers Since 1943 the FBI has told a consistent story to all who have asked Reports to the contrary appear to be based on an initial confusion of FBI agents with other government officials especially Alien Property Office personnel These rumors have long been repeated in biographies and articles on Tesla without double checking the facts as reported in their files The Tesla FBI Files contains all files released to this day by the FBI concerning Nikola Tesla **The Tesla Papers** Colin Shea, 2022-11-16 Legend has it that when Nikola Tesla died he was on the verge of discovering a new technology of earth changing potential Upon his death his papers were seized by the FBI their mysteries hidden away forever The legend is wrong When Tesla s work resurfaces decades later in the most unexpected of places they turn out to contain a secret more dangerous than anyone imagined It falls to a pair of utterly unprepared college students to determine whether Tesla s last greatest invention will be used for the benefit of mankind or as an instrument of unstoppable destruction **Tesla** Nikola Tesla, 2016-10-15 For many years scientists and researchers have searched for Tesla s missing papers with no success Rumors have circulated that his documents were stolen within hours of his death during and FBI raid Since 1943 the FBI on the other hand claims that despite longstanding reports and rumors it was not involved in searching any of Tesla s effects and the FBI has never had possession of Tesla s papers or any microfilm that may have been made of those papers The Tesla FBI Files contains all files released to this day by the FBI concerning Nikola Tesla Nikola Tesla Papers Nikola Tesla, Kerr, Page & Cooper (Firm), 1904 3 letters and 2 printed documents Mimeograph letter 2 sheets 2 pages from Nikola Tesla to William Birch Rankine concerning financing of Tesla s company and its new plant at Wardenclyffe Long Island New York Facsimile of letter 5 sheets 5 pages from Tesla to the firm of Kerr Page Cooper New York asking their opinion on the validity and scope of several of Tesla s patents Letter 2 sheets 2 pages from Kerr Page Cooper to Tesla in response Offprint of Tesla s article The transmission of electric energy without wires 1 sheet 4 unnumbered pages with photographic illustrations of Tesla s wireless power facilities in Wardenclyffe and Colorado Springs Colorado Circular dated New York 1 January 1904 1
