Time Machine Tales Paul J. Nahin,2016-12-24 This book contains a broad overview of time travel in science fiction along with a detailed examination of the philosophical implications of time travel The emphasis of this book is now on the philosophical and on science fiction rather than on physics as in the author s earlier books on the subject In that spirit there are for example no Tech Notes filled with algebra integrals and differential equations as there are in the first and second editions of TIME MACHINES Writing about time travel is today a respectable business It hasn t always been so After all time travel prima facie appears to violate a fundamental law of nature every effect has a cause with the cause occurring before the effect Time travel to the past however seems to allow indeed to demand backwards causation with an effect the time traveler emerging into the past as he exits from his time machine occurring before its cause the time traveler pushing the start button on his machine s control panel to start his trip backward through time Time Machine Tales includes new discussions of the advances by physicists and philosophers that have appeared since the publication of TIME MACHINES in 1999 examples of which are the chapters on time travel paradoxes Those chapters have been brought up to date with the latest philosophical thinking on the paradoxes
