The Training Of A Public Speaker:

The Training of a Public Speaker Grenville Kleiser, 1920 *The Training of a Public Speaker* Grenville Kleiser, 2013-07 The power of eloquence to move and persuade men is universally recognized To day the public speaker plays a vital part in the solution of every great question and problem Oratory in the true sense is not a lost art but a potent means of imparting information instruction and persuasion Eloquence is still the appropriate organ of the highest personal energy As one has well said The orator is not compelled to wait through long and weary years to reap the reward of his labors His triumphs are instantaneous And again To stand up before a vast assembly composed of men of the most various callings views passions and prejudices and mold them at will to play upon their hearts and minds as a master upon the keys of a piano to convince their understandings by the logic and to thrill their feelings by the art of the orator to see every eye watching his face and every ear intent on the words that drop from his lips to see indifference changed to breathless interest and aversion to rapturous enthusiasm to hear thunders of applause at the close of every period to see the whole assembly animated by the feelings which in him are burning and struggling for utterance and to think that all this is the creation of the moment and has sprung instantaneously from his fiery brain and the inspiration imparted to it by the circumstances of the hour this perhaps is the greatest triumph of which the human mind is capable and that in which its divinity is most signally revealed The Training of a Public Speaker Grenville Kleiser, 2009-05-01 Does the mere thought of standing up to speak in front of a room full of people make you break out in a cold sweat Do you have a major talk toast or presentation planned that you re not sure you re going to be able to pull off due to your fear of public speaking If so get back to basics with this classic public speaking guide from renowned expert Grenville Kleiser By using the tips techniques and training exercises that Kleiser sets forth even the most timid reader can be transformed into an effective orator with just a bit of effort and practice *The Training of a Public Speaker* Grenville Kleiser, 2014-07-07 The power of eloquence to move and persuade men is universally recognized To day the public speaker plays a vital part in the solution of every great question and problem Oratory in the true sense is not a lost art but a potent means of imparting information instruction and persuasion Eloquence is still the appropriate organ of the highest personal energy As one has well said The orator is not compelled to wait through long and weary years to reap the reward of his labors His triumphs are instantaneous **The Training of a Public Speaker (Classic Reprint)** Grenville Kleiser, 2017-05-05 Excerpt from The Training of a Public Speaker The power of eloquence to move and persuade men is universally recognized To day the public speaker plays a vital part in the solution of every great ques tion and problem Oratory in the true sense is not a lost art but a potent means of imparting information in struction and persuasion Eloquence is still the appropriate organ of the highest personal energy As one has well said The orator is not compelled to wait through long and weary years to reap the reward of his labors His triumphs are instantane ous And again To stand up before a vast assembly composed of men of the most various callings views passions About the Publisher Forgotten Books publishes

The Training of a Public Speaker Grenville Kleiser, 2013-07 The aims and purposes of speaking to day have radically changed from former times Deliberative bodies composed of busy men meet now to discuss and dispose of grave and weighty business There is little necessity nor scope for eloquence Time is too valuable to permit of prolonged speaking Men are tacitly expected to get to the point and to be reasonably brief in what they have to say Under these circumstances certain extravagant types of old time oratory would be ineffectual to day The stentorian and dramatic tones with hand inserted in the breast of the coat with exaggerated facial expression and studied posture would make a speaker to day an object of ridicule This applies equally to speech in the law court pulpit on the lecture platform and in other departments of public address The implicit demand everywhere is that the speaker should say what he has to say naturally simply and concisely

Managing A Public Speaker Bureau Stephen F. Gambescia, Evelyn Gonzalez, 2010-02-23 When health and human services organizations new established or mature engage in a strategic planning process invariably the suggestion is made to offer a public speaker bureau to support their mission As a professional in the health and human services field you probably have encountered to some degree the services provided by an organization's speakers bureau You have heard speakers representing organizations or you may have been a staff or volunteer speaker for an organization Public speaker bureaus are ubiquitous Providing a public speaker bureau usually makes sense It provides an easy and relatively inexpensive way to impart useful information to your constituents or the public or serve as a marketing or fundraising tool A public speaker bureau can increase your visibility in the communities that you serve or would like to serve Throughout our score of years of experience in the health and human services fields we were struck by the lack of attention given to most organizations public speaker bureaus Again while most organizations felt the need to have a speakers bureau relatively little attention was given to the management and evaluation of this service In fact few organizations spent quality time determining whether or not a public speaker bureau was indeed needed and if so what should be its strategic purpose in serving the mission of the organization
