was written and illustrated in a simple factual manner to enhance children's understanding of the Holocaust and the need to understand the importance of history. It has successfully been used by thousands of teachers and students. Children are the hope of the world and the lessons they learn from the past both good and bad cause and effect how and why will guide their future.

Bearing Witness Hazel Rochman, Darlene Z. McCampbell, 1995. Offers a multifaceted view of the Holocaust from a child's bewilderment at having to wear a star and later go into hiding to the agony of the camps themselves.

The Little Boy Star Rachel Hausfater, 2017-01-21. A young Jewish boy is given a star to wear. At first he is proud of the decoration but soon finds the star overshadowing him. No one sees the boy only the star. Lonely, frightened and helpless he watches as other star wearers are led away into the night. This affecting allegory rich with symbolism educates children about the events of the Holocaust in a way that young minds can easily grasp. Told in simple poetic language the book offers a tender message of tolerance and inner strength. Little Boy Star includes an introduction by David A. Adler author of *A Picture Book of Anne Frank* and other critically acclaimed children's books on the Holocaust. Olivier Latyk's haunting illustrations underscore the poignant theme.

Survivors of the Holocaust Kath Shackleton, 2019. In a time when people were ruthlessly persecuted and killed some were able to make it through alive. Whether it was thanks to lucky twists of fate or the loving sacrifices of others they lived to tell their stories which serve as reminders to never allow such a tragedy to happen again. These are the unbelievable true stories of six children in their own words of how they survived one of the darkest times in human history.
