Jerome, Kelly Link, Jenn Ashworth, 2017-10-19 A present contains a monstrous secret An uninvited guest haunts a Christmas party A shadow slips across the floor by firelight A festive entertainment ends in darkness and screams Who knows what haunts the night at the dark point of the year This collection of seasonal chillers looks beneath Christmas cheer to a world of ghosts and horrors mixing terrifying modern fiction with classic stories by masters of the macabre From Neil Gaiman and M R James to Muriel Spark and E Nesbit there are stories here to make the hardest soul quail so find a comfy chair lock the door ignore the cold breath on your neck and get ready to welcome in the real spirits of Christmas

Ghosts in the Middle Ages Jean-Claude Schmitt, 1998 Using many different medieval texts Schmitt examines medieval religious culture and the significance of the widespread belief in ghosts asking who returned to whom from where in what form and why Through this vivid study we can see the ways in which the dead and the living related to each other Schmitt focuses on everyday ghosts recently departed ordinary people who were a part of the complex social world of the living Schmitt argues that beliefs and the imaginary depend above all on the structures and functioning of society and culture and he shows how the Christian culture of the Middle Ages enlarged the notion of ghosts and created many opportunities for the dead to appear Schmitt also points out that the church happily proliferated ghost stories as a way to promote the liturgy of the dead to develop pious sentiments among parishioners and to solicit alms on behalf of a relative or friend s salvation

Ghosts and Legends of Nevada's Highway 50 Janice Oberding, 2018-09-17 The 287 mile stretch of highway that runs east to west across Nevada s desert is billed as the Loneliest Road in America But those who explore it find there is plenty to discover along the way in the towns of Austin Eureka Ely Fallon and Fernley Every one of these places has its own unique history ghosts and stories to tell From the sordid lynching of Richard Jennings to the humorous legend

about a famous sack of flour author Janice Oberding treks across Highway 50 seeking spirits and uncovering the tales of Singing Sand Mountain the Red Headed Giants the Giroux Mine Disaster and many more *Illuminati* Rodney St. Michael, 2002-12-10 Beat the blues If you've been searching for the right way to manage any type of psychological difficulty then this essential guide is just what you need to revitalize your life However this book is also for the five faces of society the working class the militants the shamans the scholars and the business class Just as the mind is composed of five similar elements which can be regrouped into the ancient trinity model of the mind society from the micro level of the family to the macro level of the universe is also composed of the pentagon or trinity model For instance the ancient shamans of Mindoro's Hanunoo Mangyans believe that individuals have three souls A neutral one on the head a bad one on their left side and a good one on their right side In the Hindu culture this is translated into Vishnu The Preserver Siva The Destroyer and Brahma The Creator Plato in The Republic later calls these elements as the rational side scholars the desiring side the business class militants and working class and the spirited side shamans respectively But in 1923 Sigmund Freud the Western Father of Psychoanalysis calls it the mediating Ego the desiring Id and the spirited Superego And as the ancients say if the scholarly mediating rational side is in control of the two other irrational sides then there is health peace and harmony within the individual This Middle Way technique may be a bit tricky at first but with enough practice it will ensure a happy family community country and Universe The Ghosts on 87th Lane M.L. Woelm, 2011-10-08 Once upon a time my house was haunted It still is I began recording my experiences hoping to one day share them I kept waiting for the incidents to stop so I'd have a logical conclusion to my book So far that hasn't happened It may never happen I'd like to get my story told before I become a ghost myself The True Story of a Haunting Beginning in 1968 and spanning four decades this true story chronicles the hair raising experiences that nearly drove an ordinary housewife and mother to the breaking point Not every haunted house is an old Victorian mansion as the author and her family discovered when they bought a modest house in the suburbs Even a post war starter home can be a dwelling place for earthbound spirits especially if it holds a tragic secret from the past Eerie feelings of being watched disembodied sobs mysterious scratches appearing on her throat and a child's voice crying Mommy convinced M.L. Woelm that she was sharing her home with ghosts This is her story **Sea Bag Stories** Benny J. Hornsby, 2025-04-11 While one never knows what strange treasures or bits of worthless kitsch might be found in a returning sailor's sea bag readers of this collection of the author's newspaper columns can be assured they will find stories of the old Navy life at sea travel to faraway places and interesting comments on life in general New York Magazine, 1983-12-19 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
