The Waiting Room A Spiritual Journey Through Breast Cancer:

The Waiting Room Janet Hellner-Burris, 2014-11-05 Breast cancer is a soul shattering experience Written by a ten year breast cancer survivor The Waiting Room is a call to women and their caregivers to listen beyond the terror of this disease for a deeper wisdom in making medical decisions In addition to personal reflections from diagnosis to survivorship this book offers practical suggestions for turning the experience of breast cancer into a spiritual journey of healing body mind and heart A Spiritual Journey Through Breast Cancer Judy Asti, 2002-04 Judy Asti writes about how she renewed her faith while undergoing treatment for breast cancer In the Arms of My Beloved Sandra Crawford, 2012-09 Hope Courage and Strength We often see these three words associated with the journey of someone who survives cancer But where do we find strength when we have never felt so weak Where do we find courage to face a challenge of this magnitude Where does hope spring from and how do we possess it Turning to the God she loves Sandra found these answers in Him This story recounts the cries of a desperate daughter seeking to find comfort healing and truth from her heavenly Father Follow her journey as she learns to trust and lean on God as she walks the road to victory There is no voice so compelling as the voice of experience In the Arms of My Beloved is a book I highly recommend not only for the cancer patient herself but also for all those who love her Stacey Campbell Revival Now Ministries Sandra s inspiring story offers hope and practical wisdom to those who are walking through difficult times especially when faced with serious or life threatening illnesses Dr Ruth Demian MD

Scars to Pearls Lita M. Worthington, 2018-09-04 So when facing a life threatening trial how do you refuel the transformation needed to replenish the balance in life itself What do you lean on trust on or hope on I am a recently retired OB GYN Infertility nurse practitioner of almost thirty years in the field and I experienced delivering a spectrum of diagnoses in my area of expertise There were the good news moments with joy success and cure But there will be moments we witness overwhelming pain and the devastating news of death The shoe is on the other foot now for me I am the patient with metastatic melanoma skin cancer and not the provider a very uncomfortable and humbling place for me Sometimes the biggest battle fought isn't the cancer but the emotional battle we suddenly find ourselves in We are not prepared for this emotional turmoil or how to deal with it The journey I experienced and now share with you had its difficulties filled with approximately fifty appointments two surgeries hospitalization and therapies but life continues If you have recently been diagnosed with cancer I know you are scared I certainly was Because in the beginning when you first hear the news you immediately wonder How is this all going to end The journey has only just begun and we are already wondering How it's all going to play out I know all the questions you are asking yourself for I am the patient now and my perspective has changed I can feel the uncertainty of your courage and strength to proceed through the demands of appointments diagnostic testing surgeries pain and treatments I know the tears you will wipe quietly away from your cheek in the middle of the night when you can't sleep or when you are simply all alone afraid in pain or discouraged I can feel your heart pounding so loud that certainly anyone standing next to you must hear it also Your mind is spinning with worry from all the what ifs What will help me succeed at alleviating the fear that is ever present and now sprinkled into my daily life As a lifelong believer in Christ a foundation of faith was laid long ago I was just a believer as some years were more inclusive of

Christ Jesus than others But I never doubted there was a God I would learn how to respect love and nurture this new found relationship in the months ahead I chose to lean on trust on and hope on my faith and I began introducing a spiritual element into my new daily routine In the months of pain and challenges reaching for spiritual encouragement and journaling as the days weeks and months would pass I found myself in a relationship with my Creator He sat with me walked with me and became my companion when I was alone and tired Experiencing the joy with this new relationship was a gift to me from God But of course the medical provider in me led me to bring an educational element to my book It is not the number one cancer killer but it is the universally number one diagnosed cancer I had recognized the lack of awareness amongst my friends and family in regards to skin cancers and the serious threat they pose So I include many Medical Pearls which may be facts or a helpful hint to pay additional attention to For those who want to read about an amazing spiritual journey I include several Holy Spirit Moments which could be visions or occurrences in which only God could provide and explain And I share Spiritual Pearls which are my spiritual thoughts on scripture visions or dreams that occurred both past and present as it contributes to who I am In my most vulnerable moments my trust needed to lie somewhere other than myself I am very good at taking care of myself thank you very much Suddenly my life takes a turn and I better get ready for the uncharted course it will take One day at a time We all have a story within us This shall be my story
