The Rise and Fall of the German Democratic Republic Feiwel Kupferberg, 2017-12-04 Most public debate on reunited Germany has emphasized economic issues such as the collapse of East German industry mass unemployment career difficulties and differences in wages and living standards The overwhelming difficulty resulting from reunification however is not persisting economic differences but the internal cultural divide between East and West Germans one based upon different moral values in the two Germanies The invisible wall that has replaced the previous highly visible territorial division of the German nation is rooted in issues of the past the Nazi past as well as the German Democratic Republic past In emphasizing economic differences the media and academics have avoided dealing with typically German cultural traits These include the psychological posture of West Germany which emphasized not differences between East and West but the break with Germany's Nazi past The adversarial posture of certain professional groups in East Germany towards the liberal and democratic values of West Germany have also been an obstacle Reviewing the problems accompanying reunification chapter 1 explores German culture and history and the moral lessons evolved from the Nazi past Chapter 2 focuses on the East West mindset and how differences in attitude affect efforts to adapt to reunification Chapter 3 discusses the simulated break with Nazi Germany in the German Democratic Republic Chapters 4 5 and 6 analyze the roots of the adversary posture of the professional groups in East Germany towards the values of the Berlin Republic Chapter 7 demonstrates the strong presence of inherited typically German cultural traits among East Germans such as a lack of individualism suspicion of strangers and obedience to authority Chapter 8 documents the extent to which a right wing extremist culture has remained latent in Eastern Germany Chapter 9 documents the extent to which moral reasoning in the GDR relieves the individual of any kind of responsibility for the actions of the state reproducing the way ordinary Germans rationalized their participation in the Nazi regime immediately after World War II Chapter 10 concludes with an overview of the historical and sociological factors revolving around the discussion of Nazi Germany the GDR and inner unification This volume will be important for historians political scientists anthropologists sociologists and a general public interested in Germany's reunification

John Rawls Catherine Audard, 2014-12-05 John Rawls 1921 2002 is one of the most influential thinkers of the twentieth century Contemporary political philosophy has been reshaped by his seminal ideas and most current work in the discipline is a response to them This book introduces his central ideas and examines their contribution to contemporary political thought In the first part of the book Catherine Audard focuses on Rawls conception of political and social justice and its justification as presented in his groundbreaking A Theory of Justice This includes sustained examination of Rawls moral philosophy and its

core thesis the primacy of justice the complex relation between Rawls views and utilitarianism and his most famous concept the Original Position Device In the second half of the book Audard explores Rawls more practical concerns for stability and political consensus citizenship and international justice and shows the continuity between these concerns and his earlier work Throughout Audard contextualizes Rawls ideas by giving a sense of their historical development which underlines the intellectual cohesion of his thought The move between ethics and politics so characteristic of Rawls work and which makes for the richness of his philosophy is shown to also create for it significant problems John Rawls combines clear exposition with insightful analysis and provides an interpretative and critical framework that will help shape ongoing debates surrounding Rawls work

The Age of the Democratic Revolution R. R. Palmer, 2014-06-01 For the Western world the period from 1760 to 1800 was the great revolutionary era in which the outlines of the modern democratic state came into being Here for the first time in one volume is R R Palmer s magisterial account of this incendiary age Palmer argues that the American French and Polish revolutions and the movements for political change in Britain Ireland Holland and elsewhere were manifestations of similar political ideas needs and conflicts Palmer traces the clash between an older form of society marked by legalized social rank and hereditary or self perpetuating elites and a new form of society that placed a greater value on social mobility and legal equality Featuring a new foreword by David Armitage this Princeton Classics edition of The Age of the Democratic Revolution introduces a new generation of readers to this enduring work of political history

History of Kentucky William Elsey Connelley, Ellis Merton Coulter, 1922 **Towards Collective Liberation** Chris Crass, 2013-05-01 Towards Collective Liberation Anti Racist Organizing Feminist Praxis and Movement Building Strategy is for activists engaging with dynamic questions of how to create and support effective movements for visionary systemic change Chris Crass s collection of essays and interviews presents us with powerful lessons for transformative organizing through offering a firsthand look at the challenges and the opportunities of anti racist work in white communities feminist work with men and bringing women of color feminism into the heart of social movements Drawing on two decades of personal activist experience and case studies of anti racist social justice organizations Crass insightfully explores ways of transforming divisions of race class and gender into catalysts for powerful vision strategy and movement building in the United States today Over the last two decades activists in the United States have been experimenting with new politics and organizational approaches that stem from a fusion of radical political traditions and liberation struggles Drawing inspiration from women of color feminism justice struggles in communities of color anarchist and socialist movements the broad upsurges of the 1960s and 70s and social movements in the Global South a new generation of activists has sought to understand the past while building a movement for today s world Towards Collective Liberation contributes to this project by examining two primary dynamic trends in these efforts the anarchist movement of the 1990s and 2000s through which tens of thousands of activists were introduced to radical politics direct action organizing democratic decision making and the

profound challenges of taking on systems of oppression privilege and power in society at large and in the movement itself and white anti racist organizing efforts from the 2000s to the present as part of a larger strategy to build broad based effective multiracial movements in the United States Crass s collection begins with an overview of the anarchist tradition as it relates to contemporary activism and an in depth look at Food Not Bombs one of the leading anarchist groups in the revitalized radical Left in the 1990s The second and third sections of the book combine stories and lessons from Crass s experiences of working as an anti racist and feminist organizer combining insights from the Civil Rights Movement women of color feminism and anarchism to address questions of leadership organization building and revolutionary strategy In section four Crass discusses how contemporary organizations have responded to the need for white activists to lead anti racist efforts in white communities and how these efforts have contributed to multiracial alliances in building a broad based movement for collective liberation Offering rich case studies of successful organizing and grounded thoughtful key lessons for movement building *Toward Collective Liberation* is a must read for anyone working for a better world

Conquest, Constitutionalism and Democratic Contestations Joel M. Modiri, 2020-05-21 Two decades since the enactment of South Africa s present constitution the durability and endurance of past inequalities and injustices illustrate that the new South Africa lauded as a miracle nation with the best constitution in the world can no longer be regarded as an unqualified success The legal and constitutional foundations of post 1994 South Africa are in a process of renegotiation that invites new and alternative perspectives and approaches This comprehensive volume explores this process of renegotiation by engaging political and intellectual contestations circulating in South African academic and public discourse relating to continuities and discontinuities between the colonial apartheid past and the post 1994 constitutional present The authors analyse the moral intellectual and political unravelling of post 1994 South African constitutionalism as legal text and political culture and enquire whether it has been able to respond adequately to the fundamental contradictions generated by colonisation and apartheid They also consider how centring the historical problem of European domination and conquest in Africa and South Africa in particular might provide an alternative frame or lens to theorise and understand contemporary South African realities This book marks out a complex field of contestation involving competing histories locations visions and perspectives that raises multifaceted questions regarding law history and politics It is the outcome of a South African Journal of Human Rights colloquium and was originally published as a special issue of the journal

The Philosophy of Schooling Robin Barrow, 2015-06-03 This book first published in 1981 provides a penetrating and lucid introduction to the philosophy of education The emphasis on schooling rather than education draws attention to the broad spectrum of the book recognising that schools generally do more than educate Dr Barrow specifically addresses himself to the larger question of what schools are for and what they should do This book will be of interest both to students of philosophy and students of education
