Working Girls Yvonne Tasker, 2002-09-11 Working Girls offers a series of case studies designed to provide a feminist investigation of the thematic concerns and discursive formations of the contemporary Hollywood cinema **Sex and the Devil's Wager** Lee Huxley, 2009 Anti erotic elements in feminism have joined forces with Islam and Christianity to condemn prostitution the male gaze and the natural love men have for the feminine body as a symbol of universal beauty The author whose religion is based in Tantra regards these attitudes both wrong and offensive to pagans Lee Huxley claims to be a knower an enlightened one who sees with the third eye and whose wisdom and lateral thinking demonstrate his special insights in this book Lee knows the truth the unthinkable that Jesus Christ the hellfire and damnation preacher is not the Son of God but the Son of Evil If Christ is the Son of Evil then Lee argues from this basis that Judaism Christianity and Islam are blasphemies This book asks how Western civilization could be founded on lies delusions and blasphemies that even today are still taken seriously This book is the result of a lifetime of research which has culminated in the formulation of the Devil's Wager The Devil's Wager challenges you the reader to name any moral idea from the worst evildoers of history that is as evil as the central teaching of the Bible and the Koran namely that God will resurrect the human race and torture most of them in hell for all eternity Fifty per cent of the damned will be women The male God of monotheism is a hellfire pyromaniac Jesus Christ and Allah are arsonists who burn women alive This is the feminist issue of our times Lee uses the writings of theologian and lapsed Catholic Mary Daly one of the greatest feminist thinkers to explain their common conviction that feminism must now assume the role of the Antichrist and bring an end to monotheism Prostitution Teela Sanders, Maggie O'Neill, Jane Pitcher, 2009-09-15 This imaginative and comprehensive introduction to the sex industry is as welcome as it is timely This is a rewarding and topical book that I would urge all interested parties to consult Graham Scambler Professor of Medical Sociology University College London A remarkably thorough analysis of prostitution in contemporary society Situating sex work at the intersection of economy occupation and emotion the authors illuminate the complex forces that shape prostitution within an emerging global order Bringing their analysis full circle they close with a helpful exploration of the methods by which researchers are able to investigate an area of such danger and controversy All in all a courageous and important book Jeff Ferrell Visiting Professor of Criminology University of Kent UK and Professor of Sociology Texas Christian University USA This excellent text fills a gap in the market as it explores the full range of issues covering sex work policy and politics A fascinating and informative text which will become the leading handbook in this area Dr Louise Westmarland Senior Lecturer in Criminology The Open University Many commentators have attempted to analyze and explain the nature of prostitution However this is the first textbook to offer a complete overview of the way it operates within

contemporary society its characteristics organizational structures and cultural contexts The book also explores how criminal social and health policies have sought to regulate and control the selling of sex This introduction to the sociology and criminology of sex work is comprehensive covering all key areas common to the study of the female sex industry and also includes male and transgender sex work and the sexual exploitation of young people interdisciplinary combining sociological approaches with criminology criminal justice studies social policy health research and sexuality studies comparative including the international context of the sex industry drawing on European and other examples of law regulation and systems that govern the sex industry student focused offering a lively writing style case studies summaries of relevant legislation study questions and guidance on further reading accessible assisting student learning and aiding lecturers in their teaching Written by leading experts with over 20 years experience in researching and teaching in the field this is a must for all criminology criminal justice and sociology students taking modules in sex industry and prostitution studies It will also appeal to those in gender studies and social policy

Dirt, Greed, and Sex Louis William Countryman, 1988 This new revised edition of the landmark 1988 text includes updated text and notes throughout taking advantage of recent studies of sexual ethics and where appropriate criticizing them A new chapter engages the presumed ethic of creation that has become a major theme among more conservative thinkers and writers in biblical ethics A concluding chapter on sex is thoroughly rewritten and offers a positive statement of a New Testament sexual ethic

Before the Closet Allen J. Frantzen, 2000-05 Examining the intolerance of homosexuality in the early medieval period this study challenges the long held belief that the early Middle Ages tolerated same sex relations The work focuses on Anglo Saxon literature but also includes examinations of contemporary opera dance and theatre

Promiscuity in Western Literature Peter Stoneley, 2020-02-13 Poet and novelist Charles Bukowski described promiscuity as feast and feast and feast The promiscuous person is having fun getting away with it and showing no signs of stopping More often though promiscuity has been seen as demonic as the sign of an uncivilised race or as a symptom of mental disorder Promiscuity in Western Literature capitalises on the fact that literature gives us deep and varied resources for reflecting on this controversial aspect of human behaviour Drawing on authors from Homer to Margaret Atwood it explores recurrent ideas and scenarios Why does the literature of promiscuity evoke ideas of the animal Why does it so often turn upon the image of the excessive woman How and why does promiscuity feature in comic writing How does the emergence of the modern city change representations of promiscuity And in the present day what impact have ecological concerns had on the way writers depict promiscuity

Thinking about Sexual Harassment Margaret A. Crouch, 2001 This illuminating work on one of today's most provocative issues provides all the necessary information for careful critical thinking about the concept of sexual harassment Consisting mainly of two parts it first traces the construction of the concept of sexual harassment from the original public uses of the term to its definitions in the law in legal cases and in empirical research It then analyzes philosophical definitions of sexual harassment and a number of issues that have arisen in

the law including the reasonable woman standard and whether same sex harassment should be considered sex discrimination Sure to spark intense discussion this book explains a complex notion in a lucid and engaging manner appropriate for anyone broadly curious about the notion of sexual harassment **Making Wicked Problems Governable?** Ewan

Ferlie, 2013-03-28 The book analyses the developments of inter organizational networks in the UK National Health Service during the New Labour period combining empirical case studies from various policy arenas clinical genetics cancer networks sexual health networks and long term care with a theoretically informed analysis German #MeToo Elisabeth

Krimmer, Patricia Anne Simpson, 2022 This volume responds to the MeToo movement whose worldwide resonance has illustrated not only the ubiquity of sexual abuse and sexual violence but also the failure to hold perpetrators accountable Representing a range of disciplines the collected essays engage current cultural and political discourses about systemic sexism feminist theory and practice and gender based discrimination from an academic and activist perspective The focus on national cultures of German speaking Europe from the mid eighteenth century to the present captures the persistence of normalized and institutionalized sexism reframed through the lens of a contemporary political and social movement With 16 essays from established and emerging scholars German MeToo argues that sexual violence is not a universal human constant Rather it is enabled and sustained by the social political cultural legal and economic fabric of specific societies The contributors sustain and vary their exploration of MeToo related issues through considerations of rape prostitution sexual murder the politics of consent and victim blaming as enacted in canonical and marginalized authors the visual arts the graphic novel film television and theater **Fay Weldon's Wicked Fictions** Regina Barreca, 1994 Om den engelske

The Strange Woman Gail Corrington Streeter, 1997-01-01 In the worlds of ancient Israel and early Christianity political and religious laws limited women's options But some women created options by participating in adultery prostitution and other sexual variances thus resulting in a kind of independence not available to other women These actions subverted the social system leading to punishment for some women and power for others

The Disordered Body Suzanne E. Hatty, James Hatty, 1999-11-04 The Disordered Body presents a fascinating look at how three epidemics of the medieval and Early Renaissance period in Western Europe shaped and altered conceptions of the human body in ways that continue today Authors Suzanne E Hatty and James Hatty show the ways in which concepts of the disordered body relate to constructions of disease In so doing they establish a historical link between the discourses of the disordered body and the constructs of gender The ideas of embodiment contagion and social space are placed in historical context and the authors argue that our current anxieties about bodies and places have important historical precedents They show how the cultural practices of embodied social interaction have been shaped by disease especially epidemics
