The Acts of the Apostles—Illustrated Ellen G. White, The Prolonged Struggle of Supernatural Forces for Creation s Loyalty as Revealed In Vol IV The Times and Ministry of the Early Christians The Acts of the Apostles Heritage Edition Over 100 Century Old Illustrations 385 pages This fourth volume The Acts of the Apostles covers the experience of the early Christian Church While the Bible s book of Acts covers a period of only a little more than three decades it is filled with important lessons for the church in every age God clearly indicates that the Christian today shall experience the presence of the same Spirit who came with power at Pentecost and fanned the gospel message into a flame The acts of the Holy Spirit through Peter and Paul John and James and others can be repeated in the modern disciple The abruptness with which the book of Acts closes is not accidental it deliberately suggests that the thrilling narrative is unfinished that the acts of God through the Spirit are to have their sequel throughout the Christian dispensation each successive generation adding a chapter full of beauty and power to the one that preceded it

THE CONCEPT OF ONE Ray Rentschler, 2004-11-01. Understanding the principles in this book is the mental side of the training. Though out your training you will need to develop your Spiritual, your walk with the Lord, Jesus, the Mental principles and strategies and the Physical, the martial art of American Ninjutsu. Students over the years have talked about a day when everything just clicked. The click happens when the spiritual, mental and physical all comes together. This is the Concept of One. Most students clicked between blue belt and brown belt. The objective of this book is to have the click happen sooner. Don't worry if you do not completely understand the principles in this book right away. As you progress through classes a moment will come when the principle will click with the application. Some principles are easier to grasp than others, just remember to never give up.

and keep referring to this book After each principle some space is left open you can write notes of your own Record the things that help make the principles click techniques that relate to the principle dates that something clicked or rank that the principle made sense It will be a diary of sorts on your self defense journey Good luck and good training Ray Rentschler
