Sovereignty And Responsibility Power Norms And Intervention In International Relations:

Sovereignty and Responsibility J. Moses, 2014-11-18 This book is a critical study of the concept of sovereignty and its relationship to responsibility It establishes a clear distinction between empirical and normative definitions of sovereignty and examines the implications of these concepts in relation to intervention international law and the world state **Norm**

Contestation, Sovereignty and (Ir)responsibility at the International Criminal Court Emanuela Piccolo

Koskimies, 2021-10-26 Grappling specifically with the norm of sovereignty as responsibility the book seeks to advance a critical constructivist understanding of norm development in international society as opposed to the conventional or liberal constructivist mis understanding that still dominates the debate Against this backdrop the book delves into the institutionalization of sovereignty as responsibility within the lived practice of the International Criminal Court ICC More to the point the proposed exploration intends to revive questions about the power laden nature of the normative fabric of international society its dis symmetries and its outright hierarchies in order to devise an original framework to operationalize research on how institutional practice impinges on norm development To this end the book resorts to an original creole vocabulary which combines the contributions of post positivist constructivist scholars with the legacy of key post modernist thinkers such as Michel Foucault and Jacques Derrida as well as critical approaches to International Criminal Law and Post Colonial Studies The book will appeal to scholars of international relations and international law in addition to critical scholars more broadly as well as to practitioners in the fields of human rights and international justice interested in normative theory and the implementation and contestation of international social norms *Sovereignty and Responsibility* J.

Moses, 2014-11-18 This book is a critical study of the concept of sovereignty and its relationship to responsibility It establishes a clear distinction between empirical and normative definitions of sovereignty and examines the implications of these concepts in relation to intervention international law and the world state *The Routledge Handbook on Responsibility in International Relations* Hannes Hansen-Magnusson, Antje Vetterlein, 2021-07-29 What does responsibility mean in International Relations IR This handbook brings together cutting edge research on the critical debates about responsibility that are currently being undertaken in IR theory This handbook both reflects upon an emerging field based on an engagement in the most crucial theoretical debates and serves as a foundational text by showing how deeply a discussion of responsibility is embedded in broader questions of IR theory and practice Contributions cover the way in which responsibility is theorized across different approaches in IR and relevant neighboring disciplines and demonstrate how responsibility matters in different policy fields of global governance Chapters with an empirical focus zoom in on particular actor constellations of emerging states international organizations political movements or corporations or address how responsibility matters in structuring the politics of global commons such as oceans resources or the Internet Providing a comprehensive overview of IR scholarship on responsibility this accessible and interdisciplinary text will be a valuable

resource for scholars and students in many fields including IR international law political theory global ethics science and technology area studies development studies business ethics and environmental and security governance *Historical Dictionary of International Relations* Peter Lamb,Fiona Robertson-Snape,2017-03-21 The Historical Dictionary of International Relations is a general guide to the theory and practice of the relations between states and between states and other actors on the world stage It introduces readers to the real world operations of international relations and is thus concerned with the actual relations between states organizations groups and people It also offers introductory information about the various theories old and new that help explain these relations why they happen and the possible alternatives that might be available now or in the future Moreover some of the key thinkers of these theories are discussed The Historical Dictionary of International Relations contains a chronology an introduction and an extensive bibliography The dictionary section has over 200 cross referenced entries on real world operations of international relations the actual relations between states organizations groups and people This book is an excellent resource for students researchers and anyone wanting to know more about International Relations *Atrocity Crimes and International Law* Stacey Henderson,2022-10-31 Despite repeated declarations of never again in response to the commission of atrocities civilians have continued to be targeted by their leaders and opposition groups The international law principles of sovereignty and non intervention when taken at their highest require States to stand idle and not intervene in another State regardless of what atrocities may be occurring there This traditional legal view is being challenged by an emerging practice of States choosing to respond in non forceful ways inspired by the concept of the Responsibility to Protect R2P Drawing on R2P this book introduces and develops an original conceptual tool intercession to capture and explain this change in State practice and the impact of R2P on the development of international law Through a close examination of State practice the work explores whether there has been an expansion in the permissible measures and situations in which States can intervene without using force in response to atrocity crimes occurring in other States This book concludes that the development of the secondary duty on the international community under R2P provides the greatest opportunity to progress the R2P framework in a meaningful way which will have a significant impact on the protection of populations from atrocity crimes The book will be essential reading for students researchers and policymakers working in the areas of international law international relations humanitarian law and peace and security studies **Protecting Human Rights in the 21st Century** Aidan Hehir,Robert W. Murray,2017-04-12 This book provides a comprehensive overview of the trajectory of international human rights protection in the 21st century **A Theory of De Facto States** Lucas Knotter,2023-12-12 A Theory of De Facto States offers a new perspective on the phenomenon of de facto states political communities that manifest forms of statehood in international politics but lack international legal recognition zooming in on two prominent examples Somaliland and Kosovo Employing a thorough understanding of classical realist theories of international relations this book provides a fresh critique of the common ways in

which existing research tends to identify the ostensible state features of these communities In contrast to the prevalent portrayals of such features in terms of international legal discursive and or everyday logics this book argues that de facto states can be most fundamentally characterised as exceptional polities in international relations Showcasing how the statehood and sovereignty of de facto states is based in international political crises this book concludes that these entities function as recurring disruptions of any supposed international political order A Theory of De Facto States will therefore be of interest to researchers of secession de facto statehood and International Relations theory alike *Global Politics*

Stephanie Lawson,2021 The most concise introduction to international relations covers all the essentials with learning features that link theories to the real world *Global Politics* is a concise and engaging introduction to international relations In it Stephanie Lawson introduces the key theories and concepts underpinning the discipline giving readers a foundation to study politics on both a personal and global scale including issues relating to gender sexuality and ethnicity as well as the economy environment and concepts of justice The textbook presents theories in their historical context demonstrating how they can evolve over time Case studies both contemporary and historical and biographies of key figures help bring these issues to life Additional features such as key debates and summary questions provide opportunities to analyse issues from a range of perspectives *The Routledge Handbook of the Responsibility to Protect* W. Andy Knight,Frazer

Egerton,2012-06-25 This Handbook offers a comprehensive examination of the Responsibility to Protect norm in world politics which aims to end mass atrocities against civilians The Responsibility to Protect R2P is amongst the most significant norms in global politics As the authoritative guide to R2P this edited volume gathers together the most respected and insightful voices to address key issues related to this emerging norm The contributing authors do this over the course of three parts Part I The Concept of R2P Part II Developing and Operationalising R2P Part III The view from Over Here This book will be of much interest to students of R2P humanitarian intervention genocide human rights international law peace studies international organisations security studies and IR **Introduction to Politics** Robert Garner,Peter

Ferdinand,Stephanie Lawson,2020 The only introductory textbook to bring together theory comparative politics and international relations to provide the most comprehensive and global introduction to politics available *International Relations as Politics among People* Hannes Hansen-Magnusson,2019-11-25 Pioneering a hermeneutic methodology for analyses of global governance this is the first monograph that makes Hans Georg Gadamer s and Paul Ric ur s hermeneutic philosophy relevant for global politics research Drawing on the concept of horizon as the element that captures the dynamics of understanding in social interaction in order to analyse processes of international politics this book shows that what is required is the embeddedness of meanings and ideas in human action and reflection By advancing theory building with regard to particular questions of global governance it reconceptualises international relations as politics among people Providing a contextualised constructivist approach that highlights the importance of processes to which people are central it

challenges the use of collective concepts such as state and nation as units of analysis which continue to dominate international relations but which cloud the details of interaction processes The two case studies of UN Convention on the Law of the Sea and Germany in NATO's mission Operation Allied Force in Kosovo in 1999 are structured around this contextualised constructivist approach developed in the monograph The studies reveal how interaction processes can be made accountable leading to new vantage points of our understanding of governance problems This book will be of interest to scholars interested in global governance the work of Hans Georg Gadamer Paul Ricoeur and hermeneutic philosophy the UN humanitarian interventions and foreign policy analysts **State Renaissance for Peace** Emmanuel H. D. De Groof, 2020-08-27

After 1989 the function of transitional governance changed It became a process whereby transitional authorities introduce a constitutional transformation on the basis of interim laws In spite of its domestic nature it also became an international project and one with formidable ambitions ending war conflict or crisis by reconfiguring the state order This model attracted international attention from the UN Security Council and several regional organisations and became a playing field of choice in international politics and diplomacy Also without recourse to armed force international actors could impact a state apparatus through state renaissance This book zooms in on the non forcible aspects of conflict related transitional governance while focusing on the transition itself This study shows that neither transitional actors nor external actors must respect specific rules when realising or contributing to state renaissance The legal limits to indirectly provoking regime change are also being unveiled The End of American World Order Amitav Acharya, 2018-03-16 The age of Western hegemony is over Whether or not America itself declines or thrives under President Trump's leadership the post war liberal international order underpinned by US military economic and ideological primacy and supported by global institutions serving its power and purpose is coming to an end But what will take its place A Chinese world order A re constituted form of American hegemony A regionalized system of global cooperation including major and emerging powers In this updated and extended edition of his widely acclaimed book Amitav Acharya offers an incisive answer to this fundamental question While the US will remain a major force in world affairs he argues that it has lost the ability to shape world order after its own interests and image As a result the US will be one of a number of anchors including emerging powers regional forces and a concert of the old and new powers shaping a new world order Rejecting labels such as multipolar apolar or G Zero Acharya likens the emerging system to a multiplex theatre offering a choice of plots ideas directors power and action leadership under one roof Finally he reflects on the policies that the US emerging powers and regional actors must pursue to promote stability in this decentred but interdependent multiplex world Written by a leading scholar of the international relations of the non Western world and rising above partisan punditry this book represents a major contribution to debates over the post American era *The Oxford Handbook of the Responsibility to Protect* Alex Bellamy, Tim Dunne, 2016-06-30 The Responsibility to Protect R2P is intended to provide an effective framework for responding to crimes of genocide ethnic

cleansing war crimes and crimes against humanity It is a response to the many conscious shocking cases where atrocities on the worst scale have occurred even during the post 1945 period when the United Nations was built to save us all from the scourge of genocide The R2P concept accords to sovereign states and international institutions a responsibility to assist peoples who are at risk or experiencing the worst atrocities R2P maintains that collective action should be taken by members of the United Nations to prevent or halt such gross violations of basic human rights This Handbook containing contributions from leading theorists and practitioners including former foreign ministers and special advisors examines the progress that has been made in the last 10 years it also looks forward to likely developments in the next decade **Theorising the**

Responsibility to Protect Ramesh Chandra Thakur, Ramesh Thakur, William Maley, 2015-07-30 This book relates the Responsibility to Protect to existing bodies of theory on the nature and foundations of political and international order

Evaluating the Responsibility to Protect Noële Crossley, 2016-03-31 This book evaluates the extent to which the Responsibility to Protect R2P has consolidated as a norm in international society A consolidated norm in international society is defined here as a regularised pattern of behaviour that is widely accepted as appropriate within a given social context The analysis is based on the assumption that the R2P could be regarded as a consolidated norm if it were applied consistently when genocide and other mass atrocities occur and if international responses routinely conformed to the core principles inherent in the R2P seeking government consent multilateralism prevention and regionalism This book employs Finnemore and Sikkink's norm lifecycle model to determine the putative norm's degree of consolidation with in depth case studies of the international responses to crises in Darfur and Kenya serving to illuminate the findings It advances the argument that whilst the R2P had fully emerged as a prospective norm by 2005 it has not yet fully consolidated as an international norm The R2P has been remarkably successful at pervading the international discourse but has been somewhat less successful at consistency in implementation in terms of adherence to its core principles as outlined above the qualitative dimension of the R2P Furthermore it has been least successful to date in terms of consistency across cases in terms of resolve and tenacity The volume concludes with a reflection on the norm's progress so far and its prospects for further consolidation assuming the R2P continues on its current trajectory This book will be of much interest to students of the Responsibility to Protect

humanitarian intervention international law security studies and IR International Organizations and the Implementation of the Responsibility to Protect Daniel Silander, Don Wallace, 2015-04-17 This book seeks to understand the obligation of the international community to implement the principles of the Responsibility to Protect R2P With a focus on the humanitarian crisis in Syria the volume examines what formal responsibility and actual capability international institutions have to protect and prevent civilians from systematic mass atrocities and presents an analysis of several prominent international organizations IOs Each chapter focuses on a specific organization and explores their formal responsibilities and how these pertain to the obligations of the R2P Existing capabilities and actual abilities to address the challenges of R2P are analysed

by looking at these issues before during and after the occurrence of the humanitarian crisis in Syria With the UN not fully engaged in the Syrian conflict the systematic human rights abuses have engendered greater attention on other organizations This volume argues that if the UN Security Council's inactions result in an abdication of responsibilities under the UN Charter there should not only be a discussion of how the UN must alter its approach but also an examination of whether there are alternative R2P paths for other MNOs to take in the name of international peace and human security This book will be of much interest to students of R2P humanitarian intervention international organisations Middle Eastern politics and security studies

International Relations Theories Timothy Dunne, Milja Kurki, Steve Smith, 2021 Unrivalled coverage of international relations theories from leading experts whose case studies show you how theory can be applied to address concrete political problems In this best selling text contributors to Dunne Kurki and Smith explore the full spectrum of theoretical perspectives and debates ranging from the historically dominant traditions of realism liberalism and Marxism to prominent critical approaches from feminism and postcolonialism to green theory Each chapter is dedicated to a particular theory and features a case study that shows how theory can be used to explain real world political dilemmas New To This Edition A new chapter sixteen on global international relations encourages you to explore the context in which IR developed and appreciate the importance of viewing international relations theories from diverse representative perspectives Chapters have been fully revised to reflect recent events including the Trump Presidency developments in climate change politics and the Covid 19 pandemic The case studies help you to apply theories to real world issues Revised introduction to each part provides an overarching narrative to the text helping you to understand and interpret different approaches Updated online resources include guidance on answering case study questions encouraging you to reflect upon and critically evaluate what you have learnt Book jacket

Handbook on Global Constitutionalism Anthony F. Lang, Antje Wiener, 2023-11-03 This thoroughly revised Handbook presents an up to date political and philosophical history of global constitutionalism By exploring the constitutional like qualities of international affairs it provides key insight into the evolving world order

Sovereignty And Responsibility Power Norms And Intervention In International Relations Introduction

Sovereignty And Responsibility Power Norms And Intervention In International Relations Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Sovereignty And Responsibility Power Norms And Intervention In International Relations Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Sovereignty And Responsibility Power Norms And Intervention In International Relations : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Sovereignty And Responsibility Power Norms And Intervention In International Relations : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Sovereignty And Responsibility Power Norms And Intervention In International Relations Offers a diverse range of free eBooks across various genres. Sovereignty

And Responsibility Power Norms And Intervention In International Relations Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Sovereignty And Responsibility Power Norms And Intervention In International Relations Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Sovereignty And Responsibility Power Norms And Intervention In International Relations, especially related to Sovereignty And Responsibility Power Norms And Intervention In International Relations, might be challenging as they're often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Sovereignty And Responsibility Power Norms And Intervention In International Relations, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Sovereignty And Responsibility Power Norms And Intervention In International Relations books or magazines might include. Look for these in online stores or libraries. Remember that while Sovereignty And Responsibility Power Norms And Intervention In International Relations, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Sovereignty And Responsibility Power Norms And Intervention In International Relations eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Sovereignty And Responsibility Power Norms And Intervention In International Relations full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Sovereignty And Responsibility Power Norms And Intervention In International Relations eBooks, including some popular titles.

FAQs About Sovereignty And Responsibility Power Norms And Intervention In International Relations Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital

eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Sovereignty And Responsibility Power Norms And Intervention In International Relations is one of the best book in our library for free trial. We provide copy of Sovereignty And Responsibility Power Norms And Intervention In International Relations in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Sovereignty And Responsibility Power Norms And Intervention In International Relations. Where to download Sovereignty And Responsibility Power Norms And Intervention In International Relations online for free? Are you looking for Sovereignty And Responsibility Power Norms And Intervention In International Relations PDF? This is definitely going to save you time and cash in something you should think about.
