Holding the Vision* James Redfield, Carol Adrienne, 1996 **Riding with the Phoenix** George E. Monroe, Ph.D., 2014-08-22 This book contains several different levels of meaning each with its own episodes of adventure intrigue and message The levels of discourse also can be seen as various stages in the sojourn of the main character Gregg from simple consciousness to cosmic awareness Several vehicles help Gregg reach his epiphanies including dreams meditation coincidences and two near death experiences A visit to Greece that included stops at the Delphic Oracles historic site and Agamemnon s tomb greatly expanded his perceptive abilities While standing inside the beehive shaped tomb he felt he had been slammed through a time warp to a new level of awareness which he would later describe as holographic awareness The group dynamics revelation that he divined or rediscovered

through intuition dreams and meditation is certainly important enough in itself as it sheds light on many of the social ills of our day But the real power and value of this book is that it demonstrates how one person can and does reach higher levels of awareness and being Riding with the Phoenix provides fresh insights on and linkages to new research and understanding about human awareness It serves as a metaphor for the increasing consciousness of the entire human species so necessary in these times of the augmenting and unresolved transboundary and transcultural dilemmas that we face *Spirituality and Alternativity in Contemporary Japan* Ioannis Gaitanidis,2022-10-20 This book critically analyses the creation and effects of spirituality as both discourse and practice in Japan It shows how the value of spirituality has been sustained by scholars who have wished for a more civic role for religion by the publishing industry whose exponential growth in the 1980s fashioned those who later identified as the representatives of this new spirituality culture by spiritual therapists who have sought to eke out a livelihood in an increasingly professionalized and regulated therapeutic field and by the cruel optimism of an increasingly precarious workforce placing its hopes in the imagined alternative that the supirichuaru represents Ioannis Gaitanidis offers a new transdisciplinary conceptualisation of alternativity that can be applied across and beyond the disciplines of religious studies media studies popular culture studies and the anthropology sociology of medicine Tenth Insight James Redfield,2025-05-01 The adventure that began with The Celestine Prophecy continues as the action shifts to a wilderness in the American Southeast where the narrator s friend has disappeared A Spiritual Approach to Parenting Marilyn Barrick,2004 As we face the complexities of the dawning age spiritually advanced souls are being born to usher in a prophesied time of peace and enlightenment In this perceptive guidebook Dr Marilyn Barrick discusses the Indigo Crystal and Spirited children their mission to help Earth fulfill her divine destiny and the special challenges to the parents raising these extraordinary children Dr Barrick also reveals the cycles of life we all pass through and shows how we can deal with their corresponding life lessons She gives valuable insights into how karma and past life records influence our marriages and families and teaches us ways to master these important relationships **Encyclopedia of American Popular Fiction** Geoff Hamilton,Brian Jones,2010-05-12 Covers contemporary authors and works that have enjoyed commercial success in the United States but are typically neglected by more literary guides Provides high school and college students with everything they need to know to understand the authors and works of American popular fiction **Good Taste, Bad Taste, & Christian Taste** Frank Burch Brown,2003 Christians frequently come into conflict with themselves and others over such matters as music popular culture and worship style Yet they usually lack any theology of art or taste adequate to deal with aesthetic disputes In this provocative book Frank Burch Brown offers a constructive ecumenical approach to artistic taste and aesthetic judgment a non elitist but discriminating theological aesthetics that has teeth but no fangs While grounded in history and theory this book takes up such practical questions as How can one religious community accommodate a variety of artistic tastes What good or harm can be done by importing music that is worldly in origin into a house of worship How can

the exercise of taste in the making of art be a viable and sometimes advanced spiritual discipline In exploring the complex relation between taste religious imagination and faith Brown offers a new perspective on what it means to be spiritual religious and indeed Christian *Public Libraries* ,1996 **Holding the Vision** James Redfield,Carol Adrienne,1996-12-01 How can the Tenth Insight Change My Life The insights found in The Celestine Prophecy and The Tenth Insight have touched the lives of many millions of people they are not theoretical When we become aware of how they work coincidences and serendipitous encounters increase for us As our level of consciousness expands our vision of the world is transformed and we get a glimpse into the heart of creation And as we learn how thought and visualization precede reality we can begin to harness them to benefit our own future and the future of the earth The perfect companion volume for The Tenth Insight this hands on guide was written to help individuals and groups implement the ideas found in that book It provides detailed explanations and exercises on Tenth Insight topics previous lifetimes soul groups birth visions the use of dreams and prayers the afterlife and the World Vision It helps us experience firsthand how our own lives fit into the eternal cycles teaches us how to discover our own personal missions and reveals how we can all take part in the ultimately joyful world changes described in The Tenth Insight *The Publishers Weekly* ,1998 **Books Out Loud** ,2004 *Tenth Insight* James Redfield,2014-08-21 The adventure that began with The Celestine Prophecy continues as the action shifts to a wilderness in the American Southeast where the narrator s friend has disappeared **The Writers Directory** ,2013 **New Age Journal** ,1998
