Matria Redux Tegan Zimmerman, 2023-06-23 In *Matria Redux* Caribbean Women Novelize the Past author Tegan Zimmerman contends that there is a need for reading Caribbean women s texts relationally This comprehensive study argues that the writer s turn to maternal histories constitutes the definitive feature of this transcultural and transnational genre

Through an array of Caribbean women's historical novels published roughly between 1980 and 2010 this book formulates the theory of *matria* an imagined maternal space and time as a postcolonial psychoanalytic feminist framework for reading fictions of maternal history written by and about Caribbean women Tracing the development of the historical novel in four periods of the Caribbean past slavery colonialism revolution and decolonization this study argues that a pan Caribbean generation of women writers of varying discursive racialized realities has depicted similar *matria* constructs and maternal motifs A politicized concept *matria* functions in the historical novel as a counternarrative to traditional historical and literary discourses Through close readings of the mother daughter plots in contemporary Caribbean women's historical fiction such as Andrea Levy's *The Long Song* Edwidge Danticat's *The Farming of Bones* Paule Marshall's *Praisesong for the Widow* and Marie Elena John's *Unburnable Matria Redux* considers the concept of *matria* an important vehicle for postcolonial psychoanalytic feminist literary resistance and political intervention *Matria* as a psychoanalytic postcolonial strategy therefore envisions by returning to history alternative feminist fictions futures and Caribbeans

The Bungalow Sarah Jio, 2011-12-27 A sweeping World War II saga of thwarted love, murder, and a long lost painting. In the summer of 1942, twenty-one-year-old Anne Calloway, newly engaged, sets off to serve in the Army Nurse Corps on the Pacific island of Bora Bora. More exhilarated by the adventure of a lifetime than she ever was by her predictable fiancé, she is drawn to a mysterious soldier named Westry, and their friendship soon blossoms into hues as deep as the hibiscus flowers native to the island. Under the thatched roof of an abandoned beach bungalow, the two share a private world until they witness a gruesome crime. Westry is suddenly redeployed, and the idyll vanishes into the winds of war. A timeless story of enduring passion from the author of *Blackberry Winter* and *The Violets of March*, *The Bungalow* chronicles Anne's determination to discover the truth about the twin losses of life and of love that have haunted her for seventy years.

The Care and Handling of Roses with Thorns Margaret Dilloway, 2013-07-02 Winner of the ALA Reading List Award. Difficult and obstinate. Thriving under a set of specific and limited conditions. That pretty much describes me. Maybe that's why I like these roses so much. Roses are Galilee Garner's passion. An amateur breeder, she painstakingly cross-pollinates her plants to coax out new, better traits, striving to create a perfect strain of her favorite flower, the Hulthemia. Her dream is to win a major rose competition and one day have her version of the bloom sold in the commercial market. Gal carefully calibrates the rest of her time to manage the kidney failure she's had since childhood, going to dialysis every other night and teaching high school biology, where she is known for her exacting standards. The routine leaves little room for relationships, and Gal prefers it that way. Her roses never disappoint her the way people have. Then one afternoon, Riley, the teenaged daughter of Gal's estranged sister, arrives unannounced to live with her, turning Gal's orderly existence upside down. Suddenly forced to adjust to each other's worlds, both will discover a resilience they never knew they had and a bond they never knew they needed.

AIDA'S STORY Thomas L. Webber, 2025-04-23 AIDA S

STORY traces the evolution of a studious young Latina nursing student into an avid nationalist willing to die for Puerto Rican independence. It is set in Spanish Harlem and Puerto Rico during the late 1960s and early 70s. The novel features Aida Garcia, the daughter of a former Puerto Rican nationalist, and Jimmy Beecher, the son of a local white minister. It recounts their courtship, marriage, birth of their daughter, and Aida's growing involvement in the movement to create a free Puerto Rico. What begins as an idyllic love story falls victim to Aida's growing conviction that only violence can shake the conscience of America and win independence for her beloved island. Torn between their commitment to justice and their love for each other, Jimmy and Aida struggle to reconcile *la familia* and *la causa*. On the one hand, a moving love story; it is on the other hand, a vivid personal accounting of the forces that drive one young woman to commit an act of violent political extremism. The novel is told from the point of view of Aida's husband, recounting her story many years later to their granddaughter, who, following the horror of Hurricane Maria, has become obsessed with the continuing colonial status of Puerto Rico.

The Power of Story Joan Wink Ph.D., 2017-11-07 Through this book, readers will discover that stories can move the human heart and head in ways that research cannot. Stories bring together readers, writers, librarians, teachers, students, and families in the libraries of today and will continue to do so tomorrow. Written for all those lovers of literacy, this book links libraries and literacies through the power of stories. The book is not filled with data in the form of pie charts, graphs, and tables. Rather, the truth of the research is grounded in authentic stories that reflect not only the interpretation of data but also the transformative nature of literacies and libraries. The author's primary goal is that readers will come to value and use storytelling in their own professional and personal lives to explain and expand on complex concepts and to make information more accessible for all. The book begins by presenting anecdotes and the author's personal story to lay the foundation for what literacies are and what literacy is not. An activity, *Spiral of Literacy*, allows readers to reflect on their own literacies. Chapters that follow each begin with a story that sets the theoretical foundation. Each chapter concludes with an action section that demonstrates how to turn theory to practice, whether you are in a library, a classroom, or at home. A final chapter envisions what libraries might look like in 10 years through interviews with librarians, teachers, and others interested in literacy.

Mickey's Story Miguel Puig, 2019-12-11 This book is for the benefit of my children and grand children and every other person that knows me, including members of the NYPD that worked along with me many years. This is so they understand the role of the US in Puerto Rico's political history. The death of leader Pedro Albizu Campos in the year 1965 triggered a new combination of struggles: open, illegal, and clandestine from the pro-independence groups that couldn't wait any longer. Their new struggle coincided with my arrival in the USA in 1967 when they were hitting USA with incendiary and explosive. I was appointed undercover May 16, 1969, to infiltrate and inform the activities of the groups involved in the underground struggle to free Puerto Rico. In the book, I relate the problems and discrimination that I faced performing the job and after.
