Consuming Agency in Fairy Tales, Childlore, and Folk literature Susan Honeyman, 2013-04-15 In this book Honeyman looks at manifestations of youth agency and representations of agency produced for youth as depicted in fairy tales childlore and folk literature investigating the dynamic of ideological manipulation and independent resistance as it can be read or expressed in bodies first through social puppetry and then through coercive temptation our consumption replacing the more obvious strings that bind us Reading tales like Popeye Hansel Gretel and Pinocchio Honeyman concentrates on the agency of young subjects through material relations especially where food signifies the invisible strings used to control them in popular discourse and practice modeling efforts to come out from under the hegemonic handler and take control at least of their own body spaces and ultimately finding that most examples indicate less power than the ideal holds *The (Almost) Totally True Story of Hansel and Gretel* Steph Deferie, 2013 Pity poor Streptococcus it should be a piece of cake for a fairy godmother to tell the story of Snow White but her wand is bent and things aren't going quite as they should Then to make things worse she's interrupted by a couple of English policemen who are hot on the trail of two very devious and dangerous criminals children who are causing no end of trouble in the forest Their names Hansel and Gretel Streptococcus doesn't believe a word of it and neither do a well behaved pair of kiddies in the audience who volunteer to help her tell Hansel and Gretel's familiar tale But before everyone lives happily ever after the police insist on having their say and the well behaved kiddies aren't happy about that at all Since there are lots of parts 10 for girls 5 for boys and 10 for either everyone gets a role and since a single forest set is all that's needed for this 60 minute show it's easy to produce This is a great fun twist on the familiar favorite tale

Fables of the Law Daniela Carpi, Marett Leiboff, 2016-10-24 The latest development concerning the metaphorical use of the fairy tale is the legal perspective The law had and has recourse to fairy tales in order to speak of the *nomos* and its subversion of the politically correct and of the various means that have been used to enforce the law Fairy tales are a fundamental tool to examine legal procedures and structures in their many failings and errors Therefore we have privileged

the term fables of the law just to stress the ethical perspective they are moral parables that often speak of justice miscarried and justice sought Law and jurists are creators of fables on the view that law is born out of the facts *ex facto ius oritur* so that there is a need for narrative coherence both on the level of the case and the level of legislation or turned the other way around what does it mean if no such coherence is found This is especially of interest given the influx of all kinds of new technologies that are fabulous in themselves and hard to incorporate in traditional doctrinal schemes and thus in the construction of a new reality
