intellectualism authoritarianism and white Christian nationalism Ward's positionality as both an ethnographer of religious communication who has observed white evangelical culture for two decades and a self-identified evangelical for four decades makes him uniquely qualified to cast an insider's critical yet balanced eye on conservative white Christian culture. Inside Evangelicalism complements existing scholarship within anthropology and sociology where evangelicalism has been studied in conjunction with the rise of the Religious Right while contributing unique insights from religious communication studies. The book is also a landmark in its own right, a work that demonstrates the productive complementarity of ethnographic and autoethnographic research and the first study to describe evangelical culture through the ethnography of its communication.

The Animal Lover's Guide to Changing the World Stephanie Feldstein, 2018-06-05 This book belongs on every animal lover's shelf and it's a particularly great gift for young people who are on fire to save animals but are unsure where to start. Hooray! Sy Montgomery, author of *The Good Good Pig* and *The Soul of an Octopus*. *The Animal Lover's Guide to Changing the World* is the inspiring, accessible, and empowering book for everyone who loves animals and wants to live a more animal-friendly life, even if they aren't ready to join a movement or give up bacon. With more than 7.5 billion people on the planet, wildlife is going extinct at the fastest rate since the dinosaurs. Three to four million dogs and cats are killed in shelters every year; billions of chickens, pigs, and cows are killed for food; and countless animals are killed in research labs or their habitat. The numbers are daunting, but there's good news too. Even one person truly can make a difference without breaking the bank. With Stephanie Feldstein's straightforward and encouraging guidance, readers will learn how to take action to create a better world for the animals we love. It starts with changes as simple as taking a shorter shower, skipping meat once a week, wearing this, not that, and extends all the way to online activism and politics. The animals need us, so let's get on with some world-changing.
