The goal of this book is to change adolescent attitudes to lead to not just acceptance and tolerance but toward an expansion of us and respect for their classmates that will serve to spread an even wider net of respect. This book provides ideas for lessons and activities that can be integrated into existing curricula and that meet a variety of content area standards in language arts, social studies, science, mathematics, foreign languages, physical education, art, and music, while also proposing ideas for advisory or homeroom periods and class team and grade gatherings to build respect in our classrooms, our schools, and our communities.
