state of employment was submitted to the meeting Of course even if the above return be correct it is only an approximate guide to the state of employment because of the great diminution of operatives in the district Agents came from the United States during the crisis and sought out hands for weaving and spinning and having made engagements with them paid their passage fees to America But as these would all go by ordinary passenger vessels they would probably not be reckoned as emigrants Nevertheless the fact remains that a larger number than any government measure would have been likely to provide for as emigrants to the colonies did manage by some means at home or abroad to provide for themselves and their families and thus relieved both the poor law guardians and the various committees from a very heavy extra charge upon their funds and their care DECREASE OF INDIGENCE 217 The maximum pressure upon the relief committees was reached early in December 1862 but as the tide had turned before the end of the month the highest number chargeable at any one time is nowhere shown **Reports of Cases Argued and Adjudged in the Court of Appeals of Virginia** Daniel Call, Virginia.
