

The background of the cover is a dark, misty forest scene. In the upper center, a unicorn is silhouetted against a bright, glowing light source, possibly a moon or a fire, creating a strong backlight effect. The unicorn is facing right. In the foreground, a long, dark shadow of a person is cast across the forest floor, moving from the right towards the center. The ground is covered in fallen leaves and small white flowers. The text is overlaid on the lower half of the image.

Saturday Review, 1972-10 **Turning the Pages of American Girlhood** Emily Hamilton-Honey, 2013-02-26

Alternating chapters of historical background and literary analysis this study argues that postbellum series books inspired young women by illustrating the ways in which girls could participate in social change whether through church societies benevolent organizations educational institutions or political groups. By 1900 however the socialization of series heroines had shifted to the consumer marketplace where girls could develop personality and taste through their purchases. Both models had benefits. Religious faith and political activism gave young women moral power within their communities consuming gave them opportunities to indulge individual desires and often to socialize in public without adult oversight. This work adds to the existing scholarship on girls' culture not only by examining the beginnings of series fiction for girls and the models of womanhood it presented but also by tracing the shifting social ideologies of girlhood throughout the 19th and early 20th centuries.
