

Your Ultimate Guide To VISION BOARDS

01. Goal-Setting

Vision boards do work because they show your goals regularly to your subconscious mind.

Your subconscious mind then starts to acknowledge your dream life as your new reality. Therefore it is important that you start with a proper goal-setting process.

02. Get Your Supplies Ready

The essential supplies needed for vision boards:
A board to hold your images.

glue stick, adhesive or washi tape, pins, scissors, colored markers, stickers, quotes, affirmation cards, magazines images, or even better, a printer.

03. Decide on The Design & Start

With physical vision boards, this is usually quite easy. All you need to do is decide on the vision board template or theme; that's really how you group your dreams and goals in a visual format together.

And then, you need to glue or pin the actual images on your board.

04. Work With It

It's important that you understand that your vision board is an ongoing project. Like every other manifestation tool, it's not a set-and-forget thing.

Sure, every time you pass by your board, the visuals will trigger your subconscious, but it's most likely not enough. Especially not when you want to transform your whole life and reach very big goals. You need to work with it daily!
