The Waxing And Waning Of Calvinism A Wesleyan Perspective:

Calvin vs. Wesley Dr. Don Thorsen, 2013-10-15 Congregations are made up of people with all sorts of theologies Pastor Mike Slaughter even says that these can stand in the way of the church's mission of social and personal holiness But most people do not adopt a theology on purpose mostly they merely breathe in the prevailing cultural air The theology de jour seems to be Calvinist with its emphasis on the elect and other worldly salvation In fact there is so much Calvinism saturating the culture that some do not even know there is an alternative way of thinking about their faith They don't know where to go to find a viable option they don't even know the key words to search Google So people are left thinking like Calvinists but living with a desire to change the world offering grace and hope to hurting people in mission and ministry loving the least the last and the lost In other words they are living like Wesleyans This book shows what Calvinists and Wesleyans actually believe about human responsibility salvation the universality of God's grace holy living through service and the benefits of small group accountability and how that connects to how people can live Calvinists and Wesleyans are different and by knowing the difference people will not only see the other benefits of Wesleyan theology but will be inspired to learn more By knowing who they are as faithful people of God they will be motivated to reach out in mission with renewed vigor And they won't be obstacles to grace and holiness but they can be better disciples and advocates for Christ through service in this world

The Rediscovery of John Wesley George Croft Cell, 1935 **Shaping the Wesleyan Message** Allan Coppedge, 2003-05 John Wesley's debates with Anglican leaders revealed dramatic differences between his understanding of the Christian life and the Calvinism that dominated the Church of England This carefully researched book traces how Wesley's ideas took shape in the course of that controversy **High Calvinists in Action** Ian J. Shaw, 2002 This valuable contribution to the debate about the relation of religion to the modern city fills an important gap in the historiography of early nineteenth century religious life Although there is some evidence that strict doctrine led to a more restricted response to urban problems extensive local and personal variations mean that simple generalizations should be avoided Ian J Shaw argues against earlier prejudiced views and shows that high Calvinists played a vigorous and successful part in the response of early nineteenth century churches to the process of urbanization The study includes six substantial case studies of ministers and their churches in Manchester and London Four high Calvinist ministers are considered with two studies of ministers holding to an evangelical Calvinist doctrine also included to provide instructive contrasts Detailed social analysis of the congregations is based upon extensive use of manuscript and printed sources sermons and local and denominational press

From Faith to Faith Stanley J. Rodes, 2013-10-11 The idea that covenant theology is profoundly influential in John Wesley's theological thought sounds dissonant What would an evangelical Arminian have to do with a theological framework that historically belongs to a Reformed understanding of salvation How could this possibly square with his ongoing controversy with the Calvinism of his day On the basis of compelling evidence from his sermons and correspondence this investigation

dares to push through the impulse to dismiss the idea that covenant theology belongs to the infrastructure of Wesley's thought. The resulting discovery of its role in shaping his narrative of the way of salvation is surprising and intriguing. Wesley is not only informed and fluent with respect to covenant theology but thoroughly committed to it. This study demonstrates that with theological precision and discernment Wesley appropriates covenant theology in a way that is consistent both with its primary theological features and with his Arminianism. His distinctive view of the gradual process of the work of God in the soul supplies valuable grist for further reflection especially by those charged with the care of souls in the twenty-first century.

The Case for Calvinism Cornelius Van Til, 1964 **Wesleyan Methodism and Calvinism Contrasted in the Light of Divine Truth** James B. Rentoul, 1847 **Calvinism & Culture** Irving Hexham, 1980
