Abelson, 2015-01-20 The mystic differs

from the ordinary religionist in that whereas the latter knows God through an objective revelation whether in nature or as embodied in the Bible which is really only second hand knowledge mediate external the record of other people's visions and experiences the mystic knows God by contact of spirit with spirit cor ad cor loquitur He has the immediate vision he hears the still small voice speaking clearly to him in the silence of his soul In this sense the mystic stands quite outside the field of all the great religions of the world Religion for him is merely his own individual religion his own lonely isolated quest for truth He is solitary a soul alone with God *The Wisdom of the Kabbalah* Samuel Liddell MacGregor Mathers,1967

L. MacGregor Mathers,2001 Reveals the inherent wisdom of the Kabbalah the sacred text that is the basis of Jewish mysticism by discussing its origins and its message which embodies ethics and man's union with the Divine through intelligence and goodness Original **Practical Kabbalah** Laibl Wolf,2010-05-19 Kabbalah is an ancient Jewish wisdom that explains the laws of spiritual energy Up until very recently the Kabbalah was reserved for the elite those who only after years of scholarship and practice were allowed to enter this mystical realm However one doesn't need to devote one's life to intense study to reap the rich rewards of the Kabbalah With just a basic understanding of a few key concepts our lives can be enriched immensely We can then begin to fulfill our deepest dreams and reach our most important goals becoming the

people we long to become By learning to understand the Sefirot the ten spiritual properties that flow from the cosmic source into our heart we can connect to the universe and profoundly transform our experience of daily life For example Hessed or loving kindness represents the desire to be generous while Gevurah is the desire to focus intently or withhold These properties must be balanced in order for harmony and well being to occur Rabbi Laibl Wolf shows how to maintain that balance and enjoy a healthy and productive life by using simple meditation and creative visualization techniques to grasp the spiritual nature of our life Practical Kabbalah draws upon ancient wisdom but offers a modern interpretation and easy to understand techniques for delving deeper into our selves and our world and for reaping the bounteous gifts that were always meant for us

Berg, 2004-04-06 For thousands of years no book has been more shrouded in mystery than the Zohar yet no book offers us greater wisdom The central text of Kabbalah the Zohar is a commentary on the Bible s narratives laws and genealogies and a map of the spiritual landscape In The Essential Zohar the eminent kabbalist Rav P S Berg decodes its teachings on evil redemption human relationships wealth and poverty and other fundamental concerns from a practical contemporary perspective The Zohar and Kabbalah have traditionally been known as the world s most esoteric sources of spiritual knowledge but Rav Berg has dedicated his life to making this concentrated distillation of infinite wisdom available to people of all faiths so that we may use its principles to live each day in harmony with the divine

The Zohar Michael Laitman, 2009-01-01 The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us It is a systematic method that has evolved over thousands of years nurtured by individuals whose task was to ensure that the true wisdom would be given to those ready to receive it The Book of Zohar The Book of Radiance is an ageless source of wisdom and the basis for all Kabbalistic literature Since its appearance nearly 2 000 years ago it has been the primary and often only source used by Kabbalists Written in a unique and metaphorical language The Book of Zohar enriches our understanding of reality and expands our worldview However this text should not be read in an ordinary fashion We should patiently and repeatedly read and think about each sentence as we try to penetrate the author s

feelings We should read it slowly and try to extract the nuances of the text Although the text deals with one subject only how to relate to the Creator it approaches it from different angles This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom A Guide to Hidden Wisdom of Kabbalah Rav Michael Laitman,2003-01-01 An important goal in the study of Kabbalah is to use one's knowledge to influence one's destiny Firstly one has to realise what life is what its meaning is why it is given to us where it begins and where it ends After pondering and meditating on the above questions one has to relate all this to Kabbalah Kabbalah states that the Creator created all the worlds simultaneously including our world and we human beings have to use Kabbalah in our world the finite material world In order to further advance our understanding of the wisdom of Kabbalah we need to lift our mind's eye above the horizon of our material world Kabbalah clarifies our perception of reality What we see around us is subjective and exists only in relation to ourselves Our perception depends on our organs of sensation if they were different we would perceive another world around us This book provides the reader with a solid foundation for understanding the role of Kabbalah in our world The contents was designed to allow individuals all over the world to begin traversing the initial stages of spiritual ascent toward the apprehension of the upper realms The Wisdom of the Zohar Yeruham Fishel Lachower,Isaiah Tishby,1989 This study of Hasidic mysticism and its kabbalistic roots provides an excellent introduction to Hasidism Methodical in its approach it discusses the theology history and major figures of Hasidism as well as its complex links to kabbalah Shabbateanism and post Shabbatean texts As such it opens a new window on the religious experience while also making a valuable contribution to the study of the eighteenth century as a key period in the formation of modern Jewry **Wondrous Wisdom** Michael R. Kellogg,2014-09-01 Wondrous Wisdom Michael R Kellogg Today interest in Kabbalah has exploded worldwide Millions of people are seeking answers as to what this ancient wisdom really is and where they can find authentic instruction With so many conflicting ideas about Kabbalah on the internet in books and in the mass media the time has finally arrived to answer humanity's need and reveal the wisdom to all who truly desire to know In Wondrous Wisdom you will receive the first steps an initial course on Kabbalah based solely on authentic teachings passed down from Kabbalist teacher to student over thousands of years Offered within is a sequence of lessons revealing the nature of the wisdom and explaining the method of attaining it For every person questioning Who am I really and Why am I on this planet this book is an absolute must But if you listen with your heart to one famous question I am sure that all your doubts as to whether you should study the Kabbalah will vanish without a trace This question is a bitter and fair one asked by all born on earth What is the meaning of my life Rav Yehuda Ashlag from Introduction to Talmud Eser Sefirot
