Byrd, 2005-06-13 This is truly a major contribution to African American literary criticism and it promises to elevate Johnson to the place in the literary firmament he so richly deserves Henry Louis Gates Jr Harvard University Charles Johnson came of age during the Black Arts Movement of the 1960s and 1970s His fiction bears the imprint

of his formal training as a philosopher and his work as a journalist and cartoonist with a well honed interest in political satire. Mentored by the American writer John Gardner, Johnson is preoccupied with questions of morality which are informed by his knowledge of Continental and Asian philosophical traditions. In this book, Rudolph Byrd examines Johnson's four novels: *Faith and the Good Thing*, *Oxherding Tale*, *Middle Passage* (National Book Award Winner), and *Dreamer* under the rubric of philosophical black fiction as art that interrogates experience. Byrd contends that Johnson suspends shelves and brackets all presuppositions regarding African American life. This bracketing accomplished, the African American experience becomes a pure field of appearances within two poles: consciousness and the people or phenomena to which it is related. Johnson's principal themes are identity and liberation. Intent upon the liberation of perception for the reader and the writer, Johnson's fiction aims at whole sight encompassing a plurality of meanings across a symbolic geography of forms, texts, and traditions from within the matrix of African American life and culture. And like a palimpsest, Johnson's texts contain multiple layers of meaning of disparate origins imprinted over time with varying degrees of visibility and significance. Charles Johnson's Novels will appeal to fans of the writer's work but it also will serve as a helpful guide for readers newly introduced to this brilliant contemporary American writer.

Understanding Charles Johnson Gary Storhoff, 2004. *Understanding Charles Johnson* offers a critical introduction to the fiction of one of the most highly acclaimed contemporary writers and the first African American male since Ralph Ellison to win the National Book Award which Johnson received in 1990 for *Middle Passage*. In addition to providing a biographical sketch, Gary Storhoff analyzes Johnson's four novels and two volumes of short stories. Describing his body of work as unique in American fiction, Storhoff explains how philosophical and religious orientations differentiate Johnson's writings and challenge his readers. Storhoff explores the merging of Johnson's philosophical and spiritual interests with his concern for African American culture. In identifying the literary principles of Johnson's texts, Storhoff emphasizes the writer's commitment to Buddhism and demonstrates its impact on his themes, characters, narratives, and rhetoric. Suggesting that Buddhism is the linchpin of Johnson's work, Storhoff acknowledges that scholars and critics are aware of Johnson's close association with the tradition but provides readers with what they need to appreciate fully its importance in his work, which includes a Ph.D. in the subject. Storhoff explicates the influence of the British empiricists including Bishop George Berkeley on the novelist, his rejection of relativism and utilitarianism, his adaptation of Aristotelian ethics, and his ambivalent treatment of American pragmatism as recently propounded by Cornel West. Johnson emerges from Storhoff's discussion as a profoundly eclectic, sophisticated interdisciplinary writer with complex views on race relations in the twenty-first century.

Night Hawks Charles Johnson, 2019-05-07. From National Book Award winner Charles Johnson, the celebrated novelist, short story writer, screenwriter, and essayist, comes a small treasure, one to be read and considered and reread. The *New York Times* Book Review showcasing his incredible range and resonant voice, Charles Johnson's *Night Hawks* presents an eclectic, masterful collection of stories tied together by Buddhist themes and displaying all the grace heart

and insight for which he has long been known. Spanning genres from science fiction to realism, Johnson's writing is filled with the sort of long, layered sentences you can get happily lost in. It conveys a kindness, a sense that all of us have our own stories. The Seattle Times. In "The Weave," Ieesha and her boyfriend carry out a heist at the salon from which she has just been fired, coming away with thousands of dollars of merchandise in the form of hair extensions. Night Hawks, the titular story, draws on Johnson's friendship with the late playwright August Wilson to construct a narrative about two writers who meet at night to talk. In "Kamadhatu," a lonely Japanese abbot has his quiet world upended by a visit from a black American Buddhist whose presence pushes him toward the awakening he has long found elusive. Occupying Arthur, Whitfield, about a cab driver who decides to rob the home of a wealthy passenger, reminds readers to be grateful for what they have. And "The Night Belongs to Phoenix Jones" combines the real-life story of a superhero in the city of Seattle with an invented narrative about an aging English professor who decides to join him. With precise, elegant and moving language, Johnson creates an arresting array of indelible moments that show Johnson to be a master of the short form. Library Journal starred review. Night Hawks is a masterpiece that ultimately offers a message of empowerment and hope. Oprah.com

Charles Johnson's Spiritual Imagination Jonathan Little, 1997 In this first book-length study of Charles Johnson's work, Jonathan Little offers an engaging account of the artistic growth of one of the most important contemporary African American writers. From his beginnings as a political cartoonist through his receipt of the National Book Award for *Middle Passage*, Johnson's imagination has become increasingly spiritual. Little draws upon a wide array of sources, including short stories, interviews, reviews, articles, and cartoons, as he traces the brilliant achievement of this provocative artist who is very much at the height of his career. *Charles Johnson's Spiritual Imagination* begins with an analysis of Johnson's political cartoons from the late sixties and early seventies, when he was immersed in the

Black Power Movement Little shows that in these early cartoons one can already see Johnson's comic genius and his quest for unconstrained artistic freedom even when dealing with the highly charged issues of racial politics By examining how Johnson incorporates the influences of phenomenology Zen Buddhism Taoism Hinduism and Romanticism into a strikingly original perspective on individual and social identity Little chronicles Johnson's development The book illuminates the progression of Johnson's aesthetics as he deals with the at times disturbing contrast between the hope offered by art and spirituality and the harsh realities of African American existence As he situates Johnson within the tradition of African American literature Little pairs each of his novels with a major precursor including novels by Richard Wright and Ralph Ellison and such far ranging sources as Hermann Hesse's *Siddhartha* and the Ten Oxherding Pictures These comparisons help to show Johnson's innovations within the African American literary tradition and include discussions of naturalism realism and modernism This book will appeal to anyone interested in African American literature spirituality aesthetics and the culture wars

Turning the Wheel Charles Johnson, 2010-06-15 Were it not for the Buddhadharma says Charles Johnson in his preface to *Turning the Wheel* I'm convinced that as a black American and an artist I would not have been able to successfully negotiate my last half century of life in this country Or at least not with a high level of creative productivity In this collection of provocative and intimate essays Johnson writes of the profound connection between Buddhism and creativity and of the role of Eastern philosophy in the quest for a free and thoughtful life In 1926 W E B Du Bois asked African Americans what they would most want were the color line miraculously forgotten In *Turning the Wheel* Johnson sets out to explore this question by examining his experiences both as a writer and as a practitioner of Buddhism He looks at basic Buddhist principles and practices demonstrating how Buddhism is both the most revolutionary and most civilized of possible human choices He discusses fundamental Buddhist practices such as the Eightfold Path Taming the Mind and Sangha and illuminates their place in the American Civil Rights movement Johnson moves from spiritual guides to spiritual nourishment writing In essays touching on the role of the black intellectual Uncle Tom's Cabin and Ralph Ellison Johnson uses tools of Buddhist thinking to clarify difficult ideas Powerful and revelatory these essays confirm that writing and reading along with Buddhism are the basic components that make up a thoughtful life
