Salomon, 2017-05-27 Excerpt from The Teacher's Hand Book of Slöjd as Practised and Taught at Naas Containing Explanations and Details of Each Exercise These and other deviations from the methods of the carpenter are made not in ignorance but of set purpose and have their grounds in the comprehensive principle that all method in Sld must aim in the first place at the physical and mental development of the pupil and only at the production of articles in so far as this subserves the primary aim In close connection with this stands the question of the place occupied in the system by the articles produced tie by the models Clear as this question appears in the light of the fundamental principles on which educational Slojd is based the idea still seems to prevail to some extent that if the principles are accepted the Nazis models must also be accepted unconditionally and that the two stand and fall together So far is this from being the case that at the present time one series of Naas models is gradually becoming English in its character and only waits further suggestions from English teachers to become entirely so The sole reason that it still contains models which do not entirely fulfil the condition of being familiar and useful in the homes of English children is that English people have hitherto been unable to suggest satisfactory substitutes The models are merely the expression of the system and to carry out that system thoroughly they must be national in their character and ought therefore to vary in their nature with the countries into which Sld is introduced as a subject of instruction AS this translation like the original is the work of more than one writer it remains to add that the book has been translated into English by Mary R Walker with the assistance of William Nelson on all points relating to technical knowledge and technical terminology About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
