

THE TRAGEDY OF
MACBETH

The Tragedy Of Macbeth Florida Collections

KJ Lindholm-Leary

The Tragedy Of Macbeth Florida Collections:

British Romantic Drama Terence Allan Hoagwood, Daniel P. Watkins, 1998 The present volume attempts a systematic explanation of various dimensions of Romantic drama by foregrounding both the theoretical and practical questions bearing on Romantic drama in its historical situation In this effort the volume intentionally gravitates toward discussion of lesser known works of the period rather than such major dramas as *Manfred* or *Prometheus Unbound* This is because the poetic dramas by Byron and Shelley have already been the subject of many useful historicist investigations and also because lesser known works for instance the dramas of Scott Wordsworth's *Borderers* and the many revolutionary and counter revolutionary dramas of the period provide avenues into historical and ideological issues that cannot be adequately addressed by exclusive attention to dramas long recognized as canonical

Stock Pieces: British Repertory Theatre, 1760-1830 Susan Valladares, 2024-12-26 What do we gain from watching a familiar play for the nth time This was a crucial question for Romantic period theatre managers who to deliver varied programmes relied on a repertoire of stock entertainments performed in alternation with the latest plays Repertory theatre was not new to the Romantic period but it took on additional purchase at a time when the playhouse was not simply a site for entertainment but a government controlled cultural institution and business subject to sometimes extreme financial political and ideological pressures Through an innovative selection of case studies drawn from deep archival research *Stock Pieces* juxtaposes canonical with otherwise forgotten entertainments unites the period's professional and amateur dramatic cultures and spans British metropolitan provincial and imperial geographies The picture that emerges is fresh and compelling *Stock Pieces* sheds light on the mechanics of stock piece status the Romantic afterlives of Shakespeare's near contemporaries whose popular appeal declined as his increased and the work of various agents from pantomime arrangers to enslaved performers in Jamaica who contested the repertoire's received aesthetic and cultural values It also explores the extent to which investments in the abolitionist cause were remediated by stock pieces that revived and reenacted the spectral violence of slavery and the slave trade for various purposes *Stock Pieces* showcases how the Romantic period dramatic repertoire could be mobilised to signify social and political practices that operated outside the theatrical institution crossed national borders and dared to effect real change
