The Travelling Parsi:

The Zoroastrian Diaspora John R. Hinnells, 2005-04-28 What is the distinctive Zoroastrian experience and what is the common diasporic experience The Zoroastrian Diaspora is the outcome of twenty years of research and of archival and fieldwork in eleven countries involving approximately 250 000 miles of travel It has also involved a survey questionnaire in eight countries yielding over 1 840 responses This is the first book to attempt a global comparison of Diaspora groups in six continents Little has been written about Zoroastrian communities as far apart as China East Africa Europe America and Australia or on Parsis in Mumbai post Independence Each chapter is based on unused original sources ranging from nineteenth century archives to contemporary newsletters The book also includes studies of Zoroastrians on the Internet audio visual resources and the modern development of Parsi novels in English As well as studying the Zoroastrians for their own inherent importance this book contextualizes the Zoroastrian migrations within contemporary debates on Diaspora studies John R Hinnells examines what it is like to be a religious Asian in Los Angeles or London Sydney or Hong Kong Moreover he explores not only how experience differs from one country to another but also the differences between cities in the same country for example Chicago and Houston The survey data is used firstly to consider the distinguishing demographic features of the Zoroastrian communities in various countries and secondly to analyse different patterns of assimilation between different groups men and women and according to the level and type of education Comparisons are also drawn between people from rural and urban backgrounds and between generations in religious beliefs and practices including the preservation of secular culture *Cricket Country* Prashant Kidambi, 2019 The extraordinary story of the first All India national cricket tour of Great Britain and Ireland and how the idea of India as a nation took shape on the cricket pitch **Les Parsis** Delphine Menant, 1902 **A Vision of India as Seen During the Tour of the Prince and Princess of Wales** Sir Sidney Low, 1906 Religion and Tourism Michael Stausberg, 2012-11-12 This book explores the dynamic interaction between religion and tourism in the modern world It considers questions such as do travellers leave their religion at home when they are touring and what happens if not what are the relationships between tourism and pilgrimage what happens to religious performances places and festivals that function as tourism attractions Other chapters examine religious theme parks wellness and spa tourism the roles played by tourist guides guidebooks and religious souvenirs and the role of tourism as a major arena of religious encounters in the contemporary world Surveying the growing body of work in the field Michael Stausberg argues that tourism should be a major focus of research within religious studies **All My Friends Live in My Computer** Samira Rajabi, 2021-05-14 All My Friends Live in my Computer combines personal stories media studies and interdisciplinary theories to examine case studies from unique segments of society When people are traumatized their worlds stop making sense and this book explores how everyday people use social media to try and make a new world for themselves and others who are suffering The Colonial Public and the Parsi Stage Rashna Darius Nicholson, 2021-02-27

The Colonial Public and the Parsi Stage is the first comprehensive study of the Parsi theatre colonial South and Southeast Asia's most influential cultural phenomenon and the precursor of the Indian cinema industry. By providing extensive unpublished information on its first actors, audiences, production methods, and plays, this book traces how the theatre, which was one of the first in the Indian subcontinent to adopt European stagecraft, transformed into a pan-Asian entertainment industry in the second half of the nineteenth century. Nicholson sheds light on the motivations that led to the development of the popular commercial theatre movement in Asia through three areas of investigation: the vernacular public sphere, the emergence of competing visions of nationhood, and the narratological function that women served within a continually shifting socio-political order. The book will be of interest to scholars across several disciplines, including cultural history, gender studies, Victorian studies, the sociology of religion, colonialism, and theatre.

Winner of the Theatre Library Association George Freedley Memorial Award, Special Jury Prize, Shortlisted for the TaPRA David Bradby book prize, Finalist for the American Society for Theatre Research Barnard Hewitt Award.

The Parsis in India Delphine Menant, 1917

Zoroastrian and Parsi Studies John Hinnells, 2017-11-01

This title was first published in 2000. This volume collects articles from 30 years of John R. Hinnells's writings. The selection is intended to balance the different areas in which he has worked: the ancient tradition and its influence on Biblical imagery; Parsi history; the living religion and diaspora communities.

Exile and the Nation Afshin Marashi, 2020-06-08

Groundbreaking. There is little doubt this book will become foundational reading for any student of Iranian modernity and nationalism.

Diaspora: A Journal of Transnational Studies

In the aftermath of the seventh-century Islamic conquest of Iran, Zoroastrians departed for India. Known as the Parsis, they slowly lost contact with their ancestral land until the nineteenth century, when steam-powered sea travel, the increased circulation of Zoroastrian-themed books, and the philanthropic efforts of Parsi benefactors sparked a new era of interaction between the two groups. Tracing the cultural and intellectual exchange between Iranian nationalists and the Parsi community during the late nineteenth and early twentieth centuries, *Exile and the Nation* shows how this interchange led to the collective reimagining of Parsi and Iranian national identity and the influence of antiquity on modern Iranian nationalism, which previously rested solely on European forms of thought. Iranian nationalism, Afshin Marashi argues, was also the byproduct of the complex history resulting from the demise of the early modern Persianate cultural system, as well as one of the many cultural heterodoxies produced within the Indian Ocean world.

Crossing the boundaries of numerous fields of study, this book reframes Iranian nationalism within the context of the connected transnational and global history of the modern era. Well-written, clearly argued, *Transnational History* at its best.

Middle East Journal

Marashi's engaging biographies highlight the significance of Parsi Zoroastrians to the related restoration of Iranian authenticity.

Journal of Asian Studies

A richly textured study.

Peyk Magazine

Exile and the Nation is as important a contribution to colonial Indian history as it is to understanding the origins of the modern Middle East.

This work presents an account of what it

means to perform theatre and live by theatre grounded in ethnographic research **Zoroastrianism in India and Iran**

Alexandra Buhler,2024-09-19 In the nineteenth century a number of Zoroastrians emigrated from Iran to India The subsequent importance of the cultural religious and political ties between the Zoroastrian communities of Iran and the Zoroastrian communities of India has long been recognised But despite this there has been little scholarly attention paid to the changing dynamics of this transnational relationship This book examines the Zoroastrian community in the late Qajar and early Pahlavi period beyond the borders of Iran to trace this Parsi Persian relationship A major theme is the increase in philanthropy directed to the Zoroastrians of Iran by the Parsis and the involvement of the British in encouraging Parsi feelings of patriotism towards Iran The book shows that not only were Parsis affected by events taking place in Iran they also contributed to the broader change in attitudes towards Zoroastrians in that country Using a variety of original sources from Britain India and Iran Alexandra Buhler looks at the political legal and social position of Zoroastrians in Iran and how different events impacted their attitudes as well as the attitudes of Parsis towards their ancestral homeland Of particular significance this book shows are the seminal years of the Iranian Constitutional Revolution 1906 11 and the rise in the glorification of the pre Islamic past which culminated in the state nationalism expounded by Reza Shah These political moments had a profound impact on how Zoroastrians in India felt about their future in the country and reveal a complex web of relations between the Parsis the Zoroastrians of Iran and the British The Shorter Wisden 2011 - 2015 Scyld
